Plans to Defy President
Harding

MAY APPROVE BILL
MINUS FUND CLAUSE

Veto Promised for Law Not
Providing Money Raising
Machinery

By CARL D. GROAT
(United Press Staff Correspondent)
WASHINGTON, Feb. 25.—Unless
President Harding blocks it, the
house ways and means committee is
likely next week to vote for present-
ing a soldier bonus bill minus the
definite means for raising the neces-
sary funds.

Despite President Harding's opposi-
tion to a bill without the requisite
money getting machinery, some
congressmen were today talking of
firing ahead and even passing the
bill over his veto.

Hurling Veto Threat
Harding has strongly indicated
that he would veto a bonus bill
which did not provide the means
for raising the money necessary to
pay it.

If a bill comes out minus a money
raising provision, it will be neces-
sary subsequently for congress to
vote an authorization for use of
available treasury funds or to spec-
ify application of British bond
funds.

The sub-committee vote against
the sales tax has not daunted the
house in its determination to have
a bonus.

Would Eliminate Cash
Today there was also a strong
sentiment for eliminating the cash
bonus and putting in some more
attractive insurance offers. The
United States Chamber of Com-
merce bonus bill shows an over-
whelming business sentiment against
cash.

Some wanted a "selective bonus,"
aimed at giving cash to those ac-
tually in need thereof. In this
connection, it was deemed signifi-
cant that Representative Fish, mem-
ber of the "soldier bloc," has such a
proposal ready to present, and Rep-
resentative Anson of New York has
already brought forth a selective
scheme.

Neither the insurance nor the se-
lective plan, however, meets the
wishes of American Legion spokes-
men.

LOSSES INCREASE IN
SWINDLE QUIZ, CLAIM

NEW YORK, Feb. 25.—Victims of
Alfred E. Lindsay, broker, including
many prominent New York society
people, will be found to have lost
fully \$1,000,000, it was stated at the
district attorney's office today.

The missing broker whose swindling
of numerous women came to
light when Mrs. Lillian M. Duke
claimed a loss of \$385,000 is being
trafficked today by detectives who be-
lieve he has fled to Canada.

Lindsay was formerly a detective
and a strike breaker and was con-
victed on white slave charges several
years ago.

Bluebeard Pays for Slaying of
Eleven With Head on Guillotine

BY WEBB MILLER,
(United Press Staff Correspondent)
VERSAILLES, France, Feb. 25.—
"Bluebeard" Henri Landru, most
remarkable criminal of modern
times, was executed today on the
guillotine for the murders of ten
women and a boy.

A large crowd, kept in check
by 400 cavalrymen, turned out
before daylight to witness the
execution, which took place in
a street in the center of the
city.

Landru, who, up until the last
moment had expected a reprieve
met death stoically. He refused
religious consolation, which was
offered him in his death
cell early this morning and de-
clined liquor and a cigarette.

"I am innocent. I have nothing
to add," I hope someone
will care for my children," were
the last words of the slayer.
At the first streaks of dawn,
the huge gates of the prison
here swung open and Landru
was hurriedly led out. His
shoulders were bare. As he
reached the guillotine platform
he was pushed against an un-

San Diego Harbor Now
Destroyer Fleet
Base, Navy Announces

WASHINGTON, Feb. 25.—
Establishment of a destroy-
er base at San Diego, effective
February 23, was an-
nounced by the navy depart-
ment today.

A destroyer tender and
shore facilities for routine
and emergency repairs are in-
cluded in the plans.

The naval power plant and
marine railroad at San Diego
also will be administered by
the commandant.

The commander of the ten-
der will have charge of the
new base.

JAPS BITTER
OVER DEFEAT
OF SUFFRAGE

Stormy Scenes In Diet As Debate
On Bill Renewed; Removal of
Speaker Is Demanded.

TOKIO, Feb. 25.—The de-
bate on universal manhood suf-
frage was renewed in the diet
today amid the stormiest scenes.

Opponents of suffrage bitterly
attacked the supporters of the
bill which would remove practi-
cally all restrictions of voters.
Great excitement reigned
when a vote was taken on a
motion to unseat the speaker
of the house on account of his
attitude on the bill. The mo-
tion was defeated.

Nation-wide protests are com-
ing in from the press and other
sources against the action of
the police in suppressing the
suffrage demonstration.

Mojave Desert
Sold; Salesman
Occupies Cell

SAN BERNARDINO, Cal., Feb. 25.—
The Mojave desert has just been
sold.

The alleged salesman is in jail
here, however. It appears that the
federal government was considerably
amused by the sale of so large a
part of the United States of America
without its sanction.

Alfred Violette was arrested today
by Federal Marshal Monteleone on a
charge he swindled French-Canadian
citizens out of more than \$100,000 in
connection with the deal.

The complaining witnesses are
French-Canadian settlers, who have
been arriving for the past several
days.

They had purchased parcels of
land on the installment plan, they
said, from Violette, who represented
the Mojave country to be the most
beautiful spot in California.

GETS 10 YEAR TERM
FOR SHOOTING SOLON

WASHINGTON, Feb. 25.—Charles
Augustus Grock, 65, who shot ex-
Senator Henderson, Nevada, in the
arm here March 5, 1921, was senten-
ced to 10 years in prison today.

He immediately appealed but was
remanded to jail in default of \$15,000
bond. Grock said he had a grievance
against the former senator, result-
ing from business connection in
Nevada, back in 1896.

FORMER SOLON, 70,
TO TAKE BRIDE, 25

CHICAGO, Feb. 25.—Lee Mantle,
70, former United States senator
and Republican national committee-
man from Montana, was in Chicago
today for the purpose of marrying
Miss Etta Daly, 25, a recent gradu-
ate of the University of Nebras-
ka.

"right board and hastily tied.
The board fell forward and
showed underneath the machine.
The executioner jerked a cord,
the knife with its heavy weights
flashed down with a thud,
Landru's head toppled off into
a basket and the execution was
over—all in the space of a few
seconds.

A closed wagon drew beside
the guillotine the minute the
knife fell and the body was
quickly transferred to a basket
and taken to the prison morgue,
where it will be claimed by
Landru's family.

A remarkable feature of Lan-
dru's trial was that none of the
bodies of the women he was sup-
posed to have murdered were ever
recovered.

He was defended by brilliant
lawyers and given every oppor-
tunity to prove his innocence.
His final conviction was based
upon almost overwhelming cir-
cumstantial evidence.

Landru's cynical attitude and
his joking during his trial was
said to have irritated against
him and the jury found him
guilty.

Lone Bandit Secures \$2900

BRITISH LEADER
LAUNCHES PLAN
FOR TEN YEAR
WAR HOLIDAY

BOULOGNE, France, Feb. 25.—
Premiers Lloyd George and
Poincare, in their conference
here this afternoon agreed to
ask the Italian government to
postpone the Genoa economic
conference until April 10. The
conference adjourned at 6 p. m.
and both premiers departed. A
communique was to be issued
later.

BOULOGNE, France, Feb. 25.—
Lloyd George, in his private
conference with Premier Poincare,
which began here this afternoon,
will propose a 10 years' truce in
Europe, it was learned today.

The British has a plan for limita-
tion of land armaments somewhat
similar to the Washington propo-
sals of Secretary of State Hughes
concerning navies which he will
urge upon Poincare if initial con-
versations which will deal with the
Genoa conference are successful.

British experts who are here with
Lloyd George, but not taking part
in the conference, confirmed the
fact that the British premier has
an ambitious scheme to promote
European peace and reconstruction
which is based on a ten years' truce.

Lloyd George, they said, might
seek Poincare's cooperation to pre-
pare to put this idea across at Ge-
noa, if the premiers were able to
agree on other points.

French experts said that if Lloyd
George counted upon French army
reductions as a basis for the scheme
he would be disappointed, for Poin-
care would never agree to these.

POLICE TO QUIZ
SISTERS NAMED
IN SLAYING

(United Press Leased Wire)
LOS ANGELES, Feb. 25.—Tele-
graphic requests were sent broad-
cast today by the sheriff's office,
asking the detention of Jessie and
Maudie Cooper, sisters, wanted for
questioning in connection with the
William D. Taylor murder mystery.

The young women were acquaint-
ed with certain members of the
Chinese dope ring with which Tay-
lor had trouble before his death.
Under Sheriff Eugene Biscailuz said.

The police believe shows them to
have been involved in a recent tong
war in Chinatown in which two
Orientals were slain.

Maudie Cooper's story, as told at
the police headquarters, was that
she took refuge in an automobile while
bullets were flying in the tong war
and was the unwilling accompani-
ment of one of the gunmen who
fled with her in the car.

The sheriff's office has partially
established the identity of this gun-
man as the Chinaman accused by
Harry Fields, under arrest in De-
troit, of killing Taylor.

The truth or falsehood of Fields'
"confession" will be established in
a matter of hours, authorities here
believed today.

County detectives of the Chin-
atown squad, who had been laying
in wait for the man wanted throughout
the night, telephoned headquarters
early today that they believed they
would be bringing in their man in
the near future.

DETROIT MAN CHARGES
STORY OF MURDER

DETROIT, Mich., Feb. 25.—Harry
M. Fields, who claims to know de-
tails of the slaying of William D.
Taylor, Los Angeles movie director
today declared he had not told his
wife the truth.

"I will not tell the true story of
Taylor's murder until I am promised
by Prosecutor Woolf that he will
not hang me," Fields declared.

Fields then admitted that two of
the names he had given police as al-
leged accomplices in the murder
were imaginary. One of them was
that of a famous picture star.

Fields also repudiated other por-
tions of his confession which were
found to be conflicting by police of
Detroit and Los Angeles.

He again switched his story on the
motive for the murder. In his new
story today he claimed the motive
was jealousy.

A famous actress, he said, hitherto
unnamed by him and whose name he
refused to divulge, instigated the
murder. She had been supplanted
in Taylor's affections by another
actress, Fields declared.

GREAT GUNS! PIRATE
BAND UNDER ARREST

"Pirates Captured."
This headline might
appear in the daily
press if every word
of a facetious article
written concerning
the forthcoming pro-
duction of "The Pi-
rates of Penzance"
were true.

The pirates are to
appear at the high
school auditorium
Tuesday and Thurs-
day evening in the
production put on by
the Orange County
Choral club, of
which Ellis Rhodes
is director.

But, let the yellow
journalist have a
say!

Here is the tale of
the so-called raid up-
on "piracy" carried
on openly in Orange
county.

Here's the Wild Tale
Pirates plying
their trade openly in
the city of Santa
Ana and engaged in
the production of
"Home Brew," were
reported yesterday
and investigation of
the report was im-
mediately begun,
with the result that
within a few hours
they were rounded
up by the officers of
the law and placed
in the county jail to
await trial.

Cached in a cave
in the southern part
of the city was the
brew pot and the
soft red glow of the
flames which issued
from the hiding
place of the boot-
leggers and bandits,
aided in their cap-
ture.

At first the officers
thought another
over enthusiastic oil
well had come in,
but closer investiga-
tion proved that this
was neither Stand-
ard or Union Activi-
ties.

Here are two of those who will appear in "The
Pirates of Penzance," in Santa Ana next Tuesday
and Wednesday evenings. They are Miss Peggy
Warner, 1516 Willets street, and Mabel, and Ray
Miles, Santa Ana merchant, as Frederick.

SWINE EXPERTS FEDERAL CENSOR
GATHERING AT
RIVERSIDE FOR FILMS AIM
OF NEW BILL

(United Press Leased Wire)
RIVERSIDE, Cal., Feb. 25.—Swine
breeders from all sections of the
nation are arriving here today for
the convention of the American Berk-
shire congress which opens Monday
and continues over Tuesday.

Nearly 100 head of pure breeds are
already here in the pens at the
Southern California fair grounds and
a large number is expected in today
and tomorrow.

Pancy Berkshires are here from
Iowa, Indiana, Ohio, Illinois, Mis-
souri and other Eastern states, while
the Pacific coast states have exhibits
in the show.

The sale of the Berkshires will be
held Tuesday morning and the parade
will be Tuesday afternoon. The
congress will close Tuesday evening
with a banquet at the Glenwood Mis-
sion Inn.

Some of the breeders of the South-
land are:
P. L. Hall, Ferris; Italian Vineyard
company, Guasti; A. B. Humphreys,
Escalon; California Truck company,
of Los Angeles; L. L. Lark, George
Stingle, El Monte; C. T. Jones, Cu-
cumonga.

GOMPERS IN ATTACK
ON FARM CONFERENCE

WASHINGTON, Feb. 25.—An in-
vestigation to determine the part
banks and chambers of commerce
are playing in financing the fight for
the open shop was ordered today by
the executive council of the Ameri-
can Federation of Labor. The probe
is to be directed by President Gompers
and Secretary Morrison.

The agricultural conference re-
cently convened by President Hard-
ing was "loaded with and dominated
by" a group of sixty railroad presi-
dents, trust magnates and anti-trade
union employers, Gompers charges in
the forthcoming March issue of "The
Federationist."

FORGOT HER PROMISE

DENVER, Feb. 25.—Charles Chap-
man, alleged small town Lothario,
listed chewing gum, spoils of thread,
and articles as presents he gave to
Mrs. Dorothy Briggs provided she'd
marry him—which she didn't.

Here are two of those who will appear in "The
Pirates of Penzance," in Santa Ana next Tuesday
and Wednesday evenings. They are Miss Peggy
Warner, 1516 Willets street, and Mabel, and Ray
Miles, Santa Ana merchant, as Frederick.

DARING PAYROLL
THIEF ESCAPES
IN WILD RACE
WITH VICTIM

(United Press Leased Wire.)
LOS ANGELES, Feb. 25.—A lone
bandit at noon today held up F. H.
Jones, cashier of the Pacific Pipe
and Supply company, and robbed
him of a \$2,900 payroll.

Jones had just driven from a bank
to the pipe factory, he told Detec-
tives Cato and Mailheau, and was
stepping from his automobile at the
curb when the highwayman sudden-
ly appeared, thrust a gun against
him and forced him to surrender a
satchel containing the Saturday pay-
roll.

The man then stepped into an au-
tomobile parked a few feet away,
and bested Jones in a frantic race
which followed.

LAVENDER SPATS,
GOOD ENGLISH
MARK OSER

BASLE, Switzerland, Feb. 25.—
"You can say that I'm not an old
man of 57," said Max Oser, laugh-
ing today, in his first interview with
an American newspaper correspond-
ent.

The lively stable proprietor, who
is to marry Mathilde McCormick,
finally was brought to bay in the di-
rectors room of a large corporation
here and consented to be interview-
ed by the United Press.

The correspondent found Oser a
robust, stocky man, with a well knit
figure supported upon slightly curv-
ed cavalry legs. He has neatly
brushed black hair, sprinkled slight-
ly with grey and a close cropped
black mustache. His manner is
that of a well trained cavalry officer.

Oser's English is better than that
of many native Chicagoans.

Attired in blue serge suit, set off
by lavender spats, the horseman
presented quite a stylish figure.

He smiled fondly as he spoke of
his young fiancée.

"Miss McCormick is a real out-
door girl," he said. "She loves the
open air, the country-side—animals."
"Why, she would rather live here
than anywhere else."

"She is not like the regular so-
ciety girl. She does not care for
dancing or teas, or going around
like that."

"I think our marriage will be some-
time in the summer," he said,
"probably it will be here. I expect
her to arrive with her father and—"
with a decisive gesture, "I'll be on
deck when she arrives."

"I intend shortly to relinquish my
riding academy," Oser declared in
reply to a question regarding the
lively stable and riding school at
Zurich.

Asked about the reported opposi-
tion of John D. Rockefeller, Mat-
thilde's grandfather, to the match,
Max said:

"I do not know Mr. Rockefeller
personally, but I think his opposi-
tion is most unlikely. All the rest of
the family have cable congratulations—
Aunt Anita and Uncle Howard and
the rest."

Oser expressed amusement at the
way the French press is playing up
what he describes as a "fairy story"
regarding the disparity in the ages
of himself and Mathilde.

Fixing the correspondent with his
eye, Max said solemnly:
"I am 44."

L. A. CLOSES DEAL
FOR EDISON SYSTEM

LOS ANGELES, Feb. 25.—Pur-
chase of the Southern California
Edison company's distributing sys-
tem by Los Angeles was assured to-
day with the delivery of \$12,500,000
electric power bonds to a Los An-
geles syndicate.

Delivery of the bonds and pay-
ment was made at the Harris Trust
company, Chicago.

When the Edison company sys-
tem, valued at \$11,000,000 is turned
over to Los Angeles, the city will
control 75 per cent of the electric
power used within its corporate
limits.

ANNOUNCE SHOE STYLES
CHICAGO, Feb. 25.—Low heels
were decreed for co-eds by universi-
ty deans of women meeting here.
Regulation shoes for co-eds are:
Roomy toes; flexible shanks; broad
low heels; straight inner lines.

EVIDENCE IS MISSING
EVANSTON, Ill., Feb. 25.—The
evidence of half a pint was missing,
following a police raid on four dor-
mitories and a fraternity house at
Northwestern university. A profes-
sor confiscated the results of the
raid, the student owner charged.

Daring Holdup Gives
Posses Clew
To Missing Prisoners

SAN QUENTIN, Feb. 25.—
Officers continued their
search today for Willis
Knowles, Frank Claussen and
Richard Palmer, who escaped
from the penitentiary here
Thursday night.

The trio is believed respon-
sible for the robbery of the
store of Fred Meyers at Ben-
icia late yesterday. Meyers
said three men who answered
the description of the convicts
in a general way, held up his
store and escaped with \$175.

The robbery was the only
clue to the whereabouts of
the men which has been de-
veloped.

MISSING GIRL
WITNESS WILL
NOT RETURN

State Will Read Miss Pyvron's
Testimony Into Record At
Third Trial of Arbuckle.

SAN FRANCISCO, Feb. 25.—
Zey Pyvron, "missing" star wit-
ness for the state against Ros-
coe (Fatty) Arbuckle, accused
of manslaughter, who was lo-
cated in New Orleans yester-
day, will not return to San
Francisco to testify at Ar-
buckle's third trial, according
to word the district attorney's
office received today.

Brady said that her testimony
given at previous trials and
hearings could be read into the
record if necessary, and that
her absence would not prevent
Arbuckle going to trial again
March 13.

Predict Jurors
Will Free Girl
In Murder Case

WACO, Tex., Feb. 25.—Fifteen
year old Marcie Matthews, slayer
of her alleged assailant, waited today
for action by the grand jury now in
session here, which her attorneys
and friends believed would result in
her exoneration.

Through waiving preliminary
hearing, set for Monday, on a charge
of murder yesterday following the
shooting to death of J. S. Crosslin,
former preacher and real estate man,
for the girl felt confident she would
be freed by grand jury action.

Crosslin, who had once been con-
victed of an attack and sentenced to
nine years, but received a new trial
through a reversal by higher courts,
was for thirteen years pastor of
small community churches in Texas.

He was fifty-two years old and at the
time of the alleged attack, said to
have occurred about two years ago,
Crosslin, it is claimed, was a grand-
father and an active religious work-
er here.

He is survived by a widow and
four children.

PEST HOUSE ROBBED
PASADENA, Feb. 25.—The pest
house belonging to this city has been
robbed. Police discovered on investi-
gation that the bath tub and lead
pipe had been purloined.

LONG DISTANCE MUSIC
LOS ANGELES, Feb. 25.—Motion
pictures at the Kinema theater here
last night were accompanied by mu-
sic rendered by an orchestra in Kan-
sas City. The radiophone turned the
trick.

"30" BULLETINS
WHITTIER, Cal., Feb. 25.—The
Santa Fe Springs "gasser" was still
burning furiously at 1 p. m. today
with no prospect of being brought
under control.

SANTA ROSA, Cal., Feb. 25.—De-
puty sheriffs left here this afternoon
for the Rasmussen ranch near Petal-
uma, where, according to telephone
reports, one of the three convicts
who escaped Thursday night from
San Quentin penitentiary, was seen
this morning.

London Society Downcast as Rain
Predicted for Princess' Wedding

(United Press Leased Wire.)
LONDON, Feb. 25.—Snow and
rain were predicted for Princess
Mary's wedding day by the of-
ficial forecaster.

Wedding guests who have
procured gorgeous costumes for
what promises to be the most
colorful pageant of modern
times are downcast by the an-
nouncement that a storm, with
sleet, snow and drizzles will
strike London next Monday or
Tuesday. The royal wedding
will be in Westminster abbey
Tuesday.

A magnificent semi-private
display of part of the wedding
gifts received by the princess
was held yesterday in Bucking-
ham palace.

Jewels valued at more than
\$5,000,000 were on display and
these were only a small part of

Compromise Reservation to
Four-Power Treaty Given
10 to 3 Vote

By LAWRENCE MARTIN
(United Press Staff Correspondent)

WASHINGTON, Feb. 25.—The
senate foreign relations committee to-
day ordered favorable reports to the
senate on the four-power Pacific
treaty, the supplementary treaty ex-
cluding the Japanese homeland from
the four-power pact, the naval limita-
tion treaty and the treaty limiting the
use of submarines and poison gas.

This leaves only the Chinese cus-
toms treaty to be acted on by the
committee. That will be done next
week after Senator Pomerene, Ohio,
has expressed his views upon it.

The Harding-Brandegee-Lodge
compromise reservation to the four
power treaty was adopted ten to
three and all other proposed reser-
vations were voted down. The vote
on reporting the treaty to the senate
also was 10 to 3.

The reservation adopted states
that "the United States understands
that under the statement of the pre-
amble and under the terms of this
treaty there is no commitment to
armed force, no alliance, no obliga-
tion to join in the defense."

Senators Borah and Johnson, Re-
publicans, and Shields, Democrat,
voted against reporting the treaty.
Kilgore, Republican, and Williams
and Pomerene, Democrats, voted
against the compromise reservation.

SANTA FE PLANS TO
DOUBLE TRACK ROAD

LOS ANGELES, Feb. 25.—The San-
ta Fe system from Chicago to Califor-
nia will be double tracked before the
close of next year, according to W. J.
Black, general passenger agent of
the Santa Fe, who is in Los Angeles
today.

HAAN TO BUILD RESIDENCE TO COST \$10,000

A permit for a \$10,000 residence to be erected at 330 South Birch street by Otto Haan, manager of the Cadillac Garage company, was among the seven permits issued today by Building Inspector W. S. Decker. The contractor on the Haan residence is Otto W. Dehne. The dwelling will have seven rooms.

A permit also was issued to Mrs. M. Reuter for a seven-room residence to be erected by Mrs. M. Reuter, 909 Grand avenue. The structure will cost \$4000 and will be erected on the site of the house recently razed by Mrs. Reuter. The old structure was formerly used at Tustin as a school house.

That F. S. McClain is to erect a five-room residence to cost \$2900 at 340 South Parton street, was disclosed in today's building records. The issues for today totaled \$17,650, making the month's total to date 101 permits with valuations at \$210,260. For the year to date 207 permits, giving valuations at \$429,735, have been issued.

INVOLVE BIG ANAHEIM PLANT IN SUIT HERE

The entire equipment of the Anaheim Citrus By-Products company's plant at Anaheim was involved in a suit to foreclose on a chattel mortgage, on file in the superior court today.

L. D. Gifford, of Anaheim, brought the suit against Frederick Barthels, claiming that the mortgage on the plant's equipment was given to secure a note for \$3,000, said to have been executed by Barthels February 24, 1920.

CHARGES CRUELTY IN HER DIVORCE ACTION

Cruelty and failure to provide were charged by Mrs. Beulah Frost in her complaint for divorce from Charles C. Frost, of Santa Ana, on file today in the superior court. Mrs. Frost is represented by Attorney W. F. Menton.

Possession of a lease on a rooming house at 312½ West Fourth street, is also sought by the wife, who claims that her husband is incompetent to manage the place properly. She accuses him of intemperance, abusive conduct, threats against her and with failure to earn a living.

Mr. and Mrs. Frost were married July 7, 1901, and separated January 30, this year. They have no children.

STEAL DYNAMITE CAPS

About a dozen dynamite caps were stolen from a powder house on Newport buy, according to a report received by Sheriff C. E. Jackson, from Lew H. Wallace of Newport Beach. The thief pried a board from the door to gain admission to the explosives, the report stated.

SUSPECT IN STEALING PASTOR'S CAR DODGES OFFICERS IN TEXAS

Pursuit of Ida Pennequin, wanted for the alleged embezzlement of a Buick car from the Rev. Otto S. Russell, pastor of the First Baptist church here, and recently thought to be in custody at Archer City, Texas, was renewed today, after it was learned that Pennequin was not taken into custody and had left Archer City about a week ago.

Sheriff C. E. Jackson was informed by Sheriff Joe McDonald of Archer City, however, that he thought he could locate Pennequin.

Apparently he had merely suspected Pennequin when noticing the latter days ago. He wired Jackson then that he had a man, whom he thought was J. M. Cash, also wanted here for automobile embezzlement, in custody there.

Before sending an officer after Pennequin, Jackson wired back to ascertain definitely if Pennequin was still there. The reply from McDonald stated that he had departed about a week ago. Jackson sent another wire, late yesterday, urging that every effort be made to apprehend the man.

THEFT CHARGE LAID AGAINST 2 QUASHED

Joe Cook and Elizabeth Cook, said to be his sister, were at liberty today, a charge of petty larceny having been dismissed by Justice J. B. Cox at their trial late yesterday.

Cook and Miss Cook were accused of having stolen an electric grill and several boxes of stationery from the Community hospital, where Cook was receiving treatment for a broken shoulder blade sustained in an automobile accident. According to the police, the articles had been found in Miss Cook's room at the Glenn hotel, headquarters of a group of magazine solicitors to which they belonged.

Miss Cook denied knowledge of how the articles came to be in her room and Cook also denied the theft. He said that he had left the hospital before his suitcase was packed there by his friends. The inference was that the articles were packed in the suitcase by mistake with Cook's own effects.

Officer Frank Stewart testified that one of Cook's friends told him that he, the friend, had taken the articles by mistake.

Justice Cox discharged the defendants, who were represented by Attorney Morris Cain. The grill and stationery were returned to the hospital.

Cook issued a statement today denying that he had ever used an alias, as designated in The Register Thursday. The Register's designation was based on the report that Cook had given his name as John W. Cook and his age as 21, when brought to the hospital, and had later given his name as Joe M. Cook and his age as 20, when arrested by the police. Cook says he has made no attempt to hide his identity and feels that the report that he used an alias did him an injustice.

BROTHER TANGLE MAY RESULT IN NEW CHARGES

Ramifications developed further today in the case of J. M. Cash, wanted in Orange county for automobile embezzlement, and now held in Brownsville, Texas, on a charge of stealing auto tires.

With receipt by Sheriff C. E. Jackson of a letter from Frank Sharon, post office inspector, of Los Angeles, it was learned that Cash not only may face a charge of violating the Mann white slave act, but that a feud of brothers may be injected into the case to serve the ends of justice.

Cash, it was stated by Sharon, has a brother, H. M. Cash, suspected of having procured from the mail at Tucson, Arizona, a registered letter belonging to E. Richer, of Tucson. The letter was said to contain \$335 in express money orders, which were appropriated, it is alleged, by Cash.

Inspired by apparent refusal of H. M. Cash to aid his brother, J. M. Cash, in getting out of his difficulties in Texas, the latter, Sharon states, had threatened to "tell what he knows about the registered letter," incident, wherein the names Richer, Cash and money were linked through a novel coincidence.

The postal authorities are anxious to induce J. M. Cash to aid them in solving the case of the letter, which was procured by the forgery of Richer's name.

J. M. Cash is charged with embezzling a car from C. O. Artz, of Tustin, who sold the machine to Cash but failed to receive full payment for it. In addition there is said to be a charge of embezzling a Victrola hanging over both brothers.

Sharon intimated to Jackson that J. M. Cash would be subject to prosecution under the Mann act because he was said to have taken a woman named Elsie Ferguson with him from California to Texas.

WOMAN WINS \$1200 IN SUIT OVER FEE

Mrs. Anna G. Walters, of Anaheim, had emerged a winner today in her suit to recover \$1,220 from J. K. Norstrum, president of the Placentia Oil company, for commission in securing a lease for the company on 100 acres of land at Laguna Beach.

Mrs. Walters was represented by Attorney W. F. Menton at the trial of the case before Superior Judge Z. B. West late yesterday. Norstrum was defended by Attorney Oscar W. Houge.

Receipts for \$1250 received from Norstrum and Secretary G. Eekdahl of the oil company were produced at the trial. Mrs. Walters claimed that another payment of \$1220 was due her June 30, 1921. This was the basis of her demand, which the court approved, after hearing witnesses for both sides.

SUSPECTED DESERTER FROM NAVY ARRESTED

Arrested as a deserter from the navy, Walter F. Carr, 21, of El Modena late yesterday by County Motorcycle Officer O. K. Carr.

Carr, the prisoner, is alleged to have deserted from the U. S. S. New Mexico at San Pedro June 2, 1921, having a year of his enlistment still to serve. Shortly after his desertion, it is said that he married. His wife, it is understood, now operates a restaurant at El Modena.

Officer Carr took steps today to communicate with the New Mexico, which is now at San Francisco, regarding disposition of the prisoner.

GREAT GUNS! PIRATE BAND UNDER ARREST

(Continued from Page One.)

ty, but Universal.

It is a matter of great regret to learn that a number of well known and highly respected young men of this community have been identified with this Pirate Crew, and it is sad to discover that here in "our midst" a group of young men have been "gentlemen by day and pirates by night."

Although caught with the "goods," these fellows put up a fight and protested loudly, their innocence, begging for release. Their leader, a strong voiced desperado with a decided Scotch accent, assured the officers that their pursuit was honorable, for the benefit of the entire community, and entirely within the law.

However, the strange and outlandish costumes of these men together with the fact that they were heavily armed, were not exactly reassuring. With knives thrust into belts, wicked looking guns, swords and cutlasses, they appeared to be anything but law-abiding citizens and the officers taking no chance placed the entire band under arrest.

Robert Brown, Pirate King, whose "Scotch" is famous in this part of the country is the first name upon the officers' list. Another well known man is Harry Warner, hold-up man. This fellow is said to take only cash or certified checks, and thousands of dollars are supposed to have passed through his hands in the last few years.

"Cap" Hillyard, the highwayman, was also with this gang, and is said to have in his possession blue prints and maps of the entire section.

Two "Wild" Irishmen gave as their plea for immunity their Boston accent and gentle manners, but the officers were hard boiled and turned a deaf ear to their entreaties.

"Daisy" Rhodes recently released from serving his latest vagrancy term, was stirring the "brew" and said things like the proverbial pirate at this "unseemly interruption."

These pirates have been recruited from all stations and occupations. It is regrettable to note that Fred Rowland, rancher and Rotarian, was among them. It is said that he takes to piracy of this sort like a duck to water.

Charles Wollaston, president of the local bachelors' club; William Kneen towering above them all and brandishing a huge club; Holliswell through whom the "hootch" was distributed to North Main street patrons; Bert Taylor, Bob Parker, F. L. Gibbs, J. A. Miller and Bobby Conklin, desperadoes of the worst caliber, were listed, as well as several very young men—Paul Brown, Ernest Saunby, and Householder, the notorious second-story man. Vielra, by a close shave was captured and divested of two cutlasses and several razors, while in a sort of sub-cave, busily engaged in bottling, were two Anaheim Brewers, Hoskins and Stokes, to whom this delicate task had been assigned.

As the officers were leaving the place they were attracted by plaintive cries which they were unable to locate. Finally they came upon Ray Miles, who on account of his extreme youth, has not completed his piratical apprenticeship, and his kind hearted comrades had thoughtfully bound him to a tree to prevent his making too freely for one of his tender years.

The local police finally rounded up the entire band and marched them to the county jail, where they await trial.

The trial date is set for February 28 at 8:30 p. m. when the fate of peace will be settled and it is to be hoped that the strange cries of these marauders, who have so often rent the orange scented nights of Santa Ana will be heard no more.

SAY FUR BANDIT CASE MAN AID IN BURGLARY

Ray Stillings, 26, now a prisoner in the county jail, saw more difficulties accumulate in his path today when a charge of burglary was added to that of robbery which already faced him.

In a complaint filed with the district attorney by County Motorcycle Officer O. K. Carr, Stillings and C. W. Williams, also in custody, are accused of entering the Smart and Final wholesale house, 1120 East First street, where they were employed at the time, about September 1.

It is alleged that they stole four sacks of sugar, besides a quantity of cigars, tobacco and cigarettes on that occasion and in another alleged burglary at the same place about ten days later.

SEEK POSTMASTER OFFICE AT ANAHEIM

(Special to The Register.)

ANAHEIM, Feb. 25.—There are at least two candidates for appointment as postmaster of Anaheim. Before the time arrives for taking civil service examinations there may be a half dozen.

J. F. Ahlborn's term as postmaster will end next September. Under the rules of the post office department, the office will be open for reappointment from a list of eligibles, not over three in number, to be made up at the time of the vacancy. Notice of the time of the taking of the examinations will be given by the post office department.

The situation here was enlivened a few days ago by a rumor that Ahlborn would resign soon to take a position with a local newspaper. This rumor caused a petition to be circulated by H. C. Sampson, an American Legion member, asking that he receive the recommendation of the Republican county central committee. It seems that some months ago Harry Whitaker filed a similar petition with the central committee. Today it was reported that Victor Lamont expects to be or is a candidate for the postmastership.

Members of the Republican county central committee from this district say that no action will be taken by the central committee upon the matter until after the list of eligibles is made up. This position is taken in order to avoid chagrin that might be felt were an endorsement given to some man who failed to pass the examinations.

Open Letter to E. D. Yost,
Manufacturer of Pleasure for Santa Ana

E. D. Yost,

Manufacturer of Pleasure for Santa Ana
Dear Mr. Yost:

I sometimes think you and I have a common mission in life—to provide pleasure for our fellow men.

It is a splendid mission, isn't it? I often wonder if it is not a great satisfaction to stand outside your own theater and watch the audience coming out—to see the faces alight with the pleasure you have given them—to know that you have brightened the lives of so many even for a short time.

It is something of the feeling I have over my morning cup of "Newmark's." I think of the many people who at that moment are getting real downright pleasure out of their cup of this fragrant, delicious coffee, and the thought justifies my talking about it and raving over it whenever I find the opportunity.

Even in this letter to you I cannot refrain from mentioning what a really fine coffee "Newmarks" is.

And because you gave so much pleasure to Mrs. Stone and me one evening last week I am going to reciprocate and suggest a cup of "Newmark's" for your breakfast tomorrow. Then as I am drinking mine I can think that in a measure I have repaid you.

Sincerely yours,

Thurlyn Stone

BUILD A HOME FOR YOURSELF

For the dollars that you are paying in rent each month you can buy a lot in the new McFadden Subdivision and build the home that you desire. Own your lot and before you know it you will own a home of your very own. And in a location that is recognized as the best home site section of the city.

WE WANT SINCERE HOME SEEKERS

In order to make it possible for men of moderate means to own their property we have made such terms that they will appeal to anyone. We don't want speculators. We want the people who will build their homes and make the tract more valuable. Every home built means an increase in the value of adjacent property.

\$10 A MONTH IS ALL YOU NEED PAY

Just so that you may make a start now we are asking but \$10 a month paid on any lot you choose. Make a start toward independence; pick your lot and decide to make it the site of your future home. You CAN if you WILL. Come in and talk it over, we may be able to suggest ways and means to make it easy.

YOU CAN HAVE A LOT FOR \$50 DOWN

All that we ask as evidence of good faith is an original payment of \$50 to secure a lot in your name. This covers all the transfer costs and insures you immediate possession. Make a trip in one of our automobiles to the tract and decide on the lot that will best suit your future plans.

WHY PAY FOR THE OTHER MAN'S HOUSE

While you are paying rent each month it is possible that you are buying a home for another man. You can do the same for yourself. Don't let the other chap be more enterprising than you are. Bring your original payment with you and choose a lot now. Ten years from now you will congratulate yourself over and over again.

WORKING GIRLS LOOK HERE

Read what Mrs. Lucas Writes Con-
cerning Her Troubles, which
May Be Just Like Yours

St. Louis, Mo.—"I had troubles that
all women are apt to have, with pains
in my back, weak, tired, nervous
feelings and a weak stomach. I
had been this way about a year and
was unable to work or stand on
my feet for any length of time.
My husband's aunt told me how
much good Lydia E. Pinkham's
Vegetable Compound had done her
and begged me to try it, so I did. All
my pains and weakness are gone, my
stomach is all right and I do my work
at home and also work for Swift's
Packing Company. I recommend your
Vegetable Compound to my friends
and you may publish my letter as a
testimonial."—Mrs. LUCAS,
719A Vandewater St., St. Louis, Mo.

Again and again one woman tells
another of the merit of Lydia E.
Pinkham's Vegetable Compound.
You who work must keep yourself
strong and well. You can't work if
you are suffering from such troubles.
Mrs. Lucas couldn't. She tried our
Vegetable Compound and her letter
tells you what it did for her. Give
it a fair trial now.

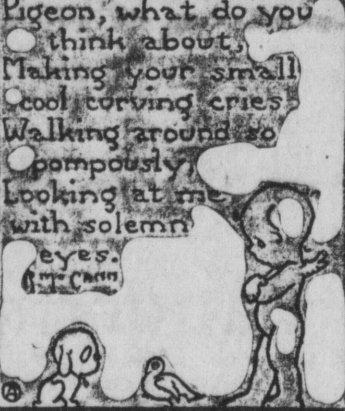

AUTO SERVICE

That's what our auto service

THE CHEERFUL CHERUB

City and County

"Who Is On The Lord's Subject?"
was announced today as the subject
for the regular 6 o'clock meeting in
the auditorium of the Spurgeon Mem-
orial church tomorrow night. The
text will be taken from Exodus, 32d
chapter and 26th verse.

The office of the Santa Ana Walnut
Growers' association will be
closed until the middle of next
week, Joseph Woodside, manager of
the packing house, announced to-
day. Closing for a few days is forced
by sickness in the manager's home.

Word was received here today of
the death of Francis H. in Denver,
Colo., of Mrs. H. C. Hollister, a for-
mer resident of this city. For sev-
eral years Mr. and Mrs. Hollister
lived at 1802 Bush street.

No great interest is being mani-
fested in the opportunity to secure
a jitney franchise for a service in
the residential districts of Santa
Ana, if the fact that City Clerk Ed
Vegely had not received a bid for
the franchise up to closing hours at
noon today, is any indication. The
franchise will be offered for sale to
the highest bidder by the city coun-
cil at its meeting next Monday
night. It is possible bids may be
submitted at the meeting or prior
to the council convening.

The condition of Sam Stein, prom-
inent stationer here, who has been
seriously ill at the Community hos-
pital for two weeks, was reported
as unchanged today. Yesterday he
was said to be resting comfortably,
with a slight improvement evident.

Several high school students have
signified their intention of entering
the essay contest for the \$250 college
scholarship offered by the American
Legion of California, according to
Principal D. K. Hammond. The es-
says must be on "Americanism" and
only seniors are eligible to compete.

Leonidas H. Adams, Orange, has
been granted a \$15 pension, accord-
ing to word received here today from
Washington.

With the view to encouraging bet-
ter music, the Apollo club, a recent-
ly formed high school organization,
has planned some interesting discus-
sions for its meeting next Monday
night in the music room of the high
school, it was announced today. The
club was formed for the purpose of
gathering together all of the musical
talent in the school to be brought be-
fore the students at various times.
Outsiders are invited to attend Mon-
day's meeting and become honorary
members of the organization.

Orange county farm bureau mem-
bers were today preparing to attend
the state railroad commission's hear-
ing on the Southern California Ed-
ison company case, to be held at 9:30
a. m. next Monday in the Pacific fi-
nance building, Los Angeles. The
farm bureau will be represented by
Judge F. S. Brittain. Data from Or-
ange county has been prepared by
Secretary R. D. Flaherty and Sidney
Saunby.

Secretary R. D. Flaherty resumed
his duties at the farm bureau office
here today after a conference in Los
Angeles yesterday with State Secre-
tary W. H. Heileman. Flaherty and
Dr. J. R. Scofield, president of the
Orange county farm bureau, confer-
red with the state official concerning
the proposed grain elevators. Heile-
man assured the local men that the
demand for the elevators is suffi-
cient to justify their construction.

SHOW BIG GAIN IN SHIPMENTS AT GROVE

The Garden Grove citrus associa-
tion gained in acreage, increased its
carload shipments, and received
greater cash returns in 1921 than in
1920, according to the annual report
of Secretary-Manager E. M. Dozier,
submitted at the annual meeting of
growers held today at the packing
house at Garden Grove.

Carload shipments for the past
season numbered 742, as against 176
the previous year, a gain of sixty-
six cars. The acreage increase was
125 acres, the 138 members of to-
day representing 1125 acres, with
112 members and 1000 acres the re-
cord for 1920. Gross returns in 1921
were \$304,365.84, as compared with
\$289,341.92 the year previous.

The gross return at the packing
house per pound was 4.3 cents, with
net to the grower at the tree aver-
aging approximately 3 cents. The
average cost of picking, packing and
handling a packed box was 81 cents,
being divided 16 cents to picking, 5
cents to hauling and 61 cents to
packing. Handling costs were less
than the previous year, packing be-
ing 1 cent less than for the year be-
fore.

Picking costs were about 2 1/2 cents
higher than in 1920 because of the
different system of paying and the
quality of work required, according
to a statement in the report of the
manager.

The forenoon session was devoted to
discussion of association business and
the election of directors. A chicken
dinner was served at noon at the
packing house by the women of the
Baptist church.

The afternoon session was given
over to addresses by A. M. Paul, as-
sistant to the manager of the Fruit
Growers' Supply company, and T. S.
Armstrong, manager of the advertis-
ing department of the California
Fruit exchange. Moving pictures of
the exchange manufacturing plant
at Lassen were shown.

E. M. Dozier, secretary and man-
ager, was not present, being ill with
influenza. L. D. Palmer, manager
of the Orange County Fruit ex-
change, presided at the sessions.

POLY DEBATERS WIN FROM COLLEGE TEAM

Santa Ana high school today
stood high in the Debating league
of Southern California following
the 3 to 0 victory won here yester-
day by Overton Lühr, William Ad-
ams and Ivan Harper over the
University of Southern California
team composed of Kenneth Drown,
Leonard Hamilton and Wesley Klus-
man.

The Santa Ana team however
dropped a 2 to 1 decision to Venice
high school in the afternoon in a
practice word fest.

The forenoon debate was on the
question, "Resolved, that all labor
disputes should be referred to a
compulsory board of arbitration."

Immediately following the debate
Adams and Lühr went to Venice
to meet a debating team of the high
school there. The question discus-
ed was practically the same as the
subject here except that California
was specified as the place in which
disputes should be referred to a
compulsory arbitration board, sim-
ilar to a regulation in Kansas.

The local team had only one week
in which to prepare for the discus-
sion. Mr. and Mrs. Elmer Worthy
accompanied the team to Venice,
Worthy being in charge of debating
at the high school.

SEEKS ESTATE LETTERS.

Letters of administration over the
\$11,000 estate left by H. H. Hoessler,
of Santa Ana, who died February 15,
were asked by Beatrice Hoessler, in a
petition on file today in the superior
court. The surviving wife, three
daughters, Hutoqua Gaylord, of
South Pasadena, Katherine Runkel,
of Los Angeles, Geneva Foyel, of
Oakland, and one son, Harry Hoessler,
of Newport, Washington, are heirs
to the estate.

CHICAGO CASH GRAIN
CHICAGO, Feb. 25.—Cash grain:
Wheat, No. 2 hard, 140@141 1/2.

Tri-City Railway & Light Company

This Company is the most important division of the United Light & Railways Co.
The trio of cities served by this company includes Davenport, Iowa, and Rock Island
and Moline, Illinois, forming practically one community and having many advantages in
common.

This community has 400 manufacturers and for its support draws from that rich
agricultural country on both sides of the Mississippi River at this point. The power
supplied by the Tri-City Railway & Light Co. is so inexpensive that the manufacturer
cannot afford to operate his own independent steam plant. This community is a connect-
ing point for three transcontinental railways and is conceded to be the largest distributing
center on the Mississippi River between St. Paul and St. Louis.

The total population of the three cities and the surrounding points forming the Tri-
City's group is over 165,000. It is a significant fact that 50% of the stockholders of this
Company reside in the territory served by this system.

The Tri-City Railway & Light Co. is a holding Company incorporated in 1906 to
control the public utility companies which own and operate all the electric light com-
panies, gas plants and street railways in the cities of Davenport and Muscatine, Iowa and
Rock Island, Moline and East Moline, Illinois. Not less than 63% of the total revenue
of this Company is derived from its gas and electric business.

We are offering First and Refunding Mortgage 5% Gold Bonds of this Company
due 1930 and priced at 92 and interest to yield 6.30%. For full information write,
phone or call at our office.

WALL ST. JOURNAL FINANCIAL REVIEW

NEW YORK, Feb. 25.—The short
session on the New York stock exchange
today was featured by the strength in
the equipment and motor. Stude-
baker again led the motor group with
a new high for the year above 101.
Baldwin also reached a new high fig-
ure for the year but American Locomo-
tive was rather quiet.

All the rails were firm and Canadian
Pacific touched the previous high of
the year.

Selling has been going hard in the
steel group since Republic passed its
dividend a few days ago. Gulf States
Steel showed a reaction of about ten
points from the recent high. The sell-
ing of independent steels failed to ex-
tend to U. S. Steel common, which held
within two points of the high of the
year, which was made during the last
week.

Closing prices:
U. S. Steel, 94 3/4; Crucible, 55, off
1 3/8; Gulf States, 67 3/4, off 2 1/4; Re-
public, 46 1/2, off 1 1/8; American
Locomotive, 102 1/4, off 5/8; Mexican
Petroleum, 122 5/8, up 1/8; Texas Com-
pany, 46, up 3/8; Studebaker, 100 3/4,
up 1/4; Texas Company, 46, up 3/8;
Studebaker, 100 3/4, up 1/4; Chandler,
69 5/8, up 3/4; Retail Stores, 47 7/8, off
1/8; up 1/8; Canadian Pacific, 139, up
1/8; U. S. Steel, 94 3/4, off 1/8; C. & N. W.,
68 3/4, C. M. & St. Paul, 24 1/4.

SAN FRANCISCO MARKETS
SAN FRANCISCO, Feb. 25.—Oranges
were expected to advance on the mar-
ket here shortly with reports today that
distributors were demanding a fifty
cent advance at shipping points.

Supplies of spinach and rhubarb
were more plentiful with lower prices.
Florida beans were not moving well
though prices were unchanged.

The poultry market was featured by
a scarcity of broilers and fryers on
which prices were advanced.

Supplies Liberal: Apples, grapefruit,
oranges, bananas, lemons, potatoes,
sweets, tomatoes, cucumbers, mush-
rooms, rhubarb, peppers and eggplant,
spinach.

Supplies Light: Pineapples, avocados,
cauliflower, good celery, peas, beans
and sprouts.

NEWS ITEM

On the return of Mr. R. E. Taylor from
Europe representing several of the large
east manufacturing concerns in the
United States, brings with him a contract
from the Republic of Poland for Motor
Trucks, Farm Implements, raw materials,
etc., totaling about \$10,000,000. This is
by far the largest foreign contract re-
ceived in this country since the war.

REPUBLIC OF POLAND

5% INTERNAL STATE LOAN OF BONDS

1920 — SPOT

ARE AN EXCEPTIONAL BUY FROM THE STANDPOINT OF
INCOME AND PROFIT. AND PRICE WITHIN YOUR REACH.

The progress made by Poland during the recent months has
attracted wide attention, and the public press has given many
columns both in news and editorial comment upon economic
conditions in the mid-European Republic. So far as we have been
able to compile statistics which we have received from reliable
sources and which seem to indicate that within a very short time
Polish Internal 5% Bonds will be worth ten to fifty times their
present price. Put these bonds away for some member of your
family and wait for the vast resources of Poland to bring out their
great potential value. There are many reasons why you should
have confidence in the future of this issue. The Republic has
weathered the early stages of its development, and its people now
present a solid front and are working shoulder to shoulder for the
fulfillment of their dream of Poland as a great and prosperous
nation. It is well known that Poland is coming back in leaps and
bounds and will astonish the world by her quick recovery. That
Poland is making a notable progress as a new nation is peculiarly
gratifying to all who have been following systematically the efforts
of the Polish people to rebuild their ancient kingdom into a mod-
ern state. Her exports are constantly increasing and TODAY she
is practically upon a self-supporting BASIS, with surplus for ex-
portation.

We strongly recommend this bond as one which gives an as-
sured and steady income and at the same time gives unlimited po-
ssibilities for profit.

TO THE PEOPLE of ORANGE COUNTY

CONTINENTAL FINANCE CORPOR-
ATION, Of Orange County, wishes to
IMPRESS upon your MIND and LAY
before YOU a few COLD FACTS.

DON'T FAIL TO READ EVERY WORD

FIRST—CONTINENTAL FINANCE CORPORATION is OFFERING to the
PEOPLE of Orange county the OPPORTUNITY of becoming INTERESTED in
this CORPORATION, an OPPORTUNITY in the way of INVESTMENT, SOME-
THING HERETOFORE, RARELY ever OFFERED, in this WAY, where YOUR
OWN DOLLAR INVESTED is ON an EQUAL POWER with EACH and EVERY
DOLLAR INVESTED in the CORPORATION.

SECOND—That no ONE DOLLAR INVESTED can have a GREATER
EARNING POWER than the OTHER DOLLAR INVESTED, IRRESPECTIVE OF
WHOSE DOLLAR it may BE.

THIRD—That every SHARE of STOCK HELD, whether by an OFFICER
or a DIRECTOR or STOCK HOLDER has been PAID for, at 100 CENTS on the
DOLLAR.

FOURTH—THAT no BONUS STOCK has BEEN ISSUED, or GIVEN to
ANYONE, "NOR WILL THERE BE."

FIFTH—That EACH and EVERY SHARE of STOCK has the SAME EQUAL
EARNING POWER and VALUE, IRRESPECTIVE OF WHOSE it IS.

SIXTH—That ALL STOCK of the CONTINENTAL FINANCE CORPORATION
is of ONE KIND, "ALL COMMON STOCK," which, WILL RECEIVE ALL the
EARNINGS of the CORPORATION.

SEVENTH—The OPPORTUNITY offered HERE is, a GROUND FLOOR
OPPORTUNITY where YOU can BECOME INTERESTED and WHERE YOUR
DOLLAR will SHARE and SHARE ALIKE, an OPPORTUNITY RARELY ever
OFFERED or GIVEN to the OUTSIDE PUBLIC.

EIGHTH—THE OPPORTUNITY from an INVESTMENT standpoint is
WONDERFUL, as RECORDS obtained from other SIMILAR COMPANIES
throughout the COUNTRY SHOW their FIRST YEAR'S EARNINGS to be as
HIGH as 45% with INCREASED EARNINGS YEARLY THEREAFTER in addition
to the INCREASED GROWTH and VALUE of the ORIGINAL INVESTMENT. We
see no REASON why the CONTINENTAL FINANCE CORPORATION should
not DO as WELL, if not BETTER, as the EXPENSE of OPERATION will be HELD
at a MINIMUM and ORANGE COUNTY as a FIELD is UNLIMITED for BUSINESS.

NINTH—CONTINENTAL FINANCE CORPORATION is OFFERING to the
PEOPLE of Orange county, "ONLY" the OPPORTUNITY of coming into a
SAFE, SOUND, CLEAN, HONEST and PROFITABLE BUSINESS which was
ORIGINATED and ORGANIZED in Orange county, by CLEAN, HONEST, and
SUCCESSFUL Orange county BUSINESS MEN.

TENTH—REMEMBER that \$100,000 WORTH of the STOCK of this
CORPORATION was SUBSCRIBED for by the OFFICERS and DIRECTORS of
this CORPORATION at the PAR VALUE of \$100 per share at 100 CENTS
on the DOLLAR, OFFERING the ADDITIONAL \$150,000 to the PEOPLE of
Orange county UPON the same BASIS.

ELEVENTH—SUBSCRIPTIONS are COMING in VERY FAST for this
STOCK in good SUBSTANTIAL BLOCKS and if YOU are INTERESTED in what
is GOING to be ONE of the BIGGEST ASSETS to Orange county as a WHOLE
and as to the INDIVIDUAL, it will pay YOU to ACT at ONCE as an OPPOR-
TUNITY of this KIND will not be AVAILABLE LONG.

TWELFTH—Do not OVERLOOK the FACT, that CONTINENTAL FINANCE
CORPORATION IS 100% ORANGE COUNTY. EVERY DOLLAR of this COR-
PORATION will be KEPT WITHIN ORANGE COUNTY where it WILL BE
AVAILABLE at ALL TIMES for the NEEDS of THOSE in Orange County.

THIRTEENTH—CONTINENTAL FINANCE CORPORATION has PER-
FECTED ARRANGEMENTS whereby LARGE SUMS of MONEY from the OUT-
SIDE will be BROUGHT into Orange County to be PLACED upon REAL ESTATE
LOANS, upon which, THERE WILL BE AN ADDITIONAL EARNING POWER
for the CORPORATION.

FOURTEENTH—THE MANAGEMENT of the CONTINENTAL FINANCE
CORPORATION will be in the HANDS of YOUR OWN ORANGE COUNTY suc-
CESSFUL, HONEST, BUSINESS MEN. MEN whose CHARACTER and HONESTY
are ABOVE REPROACH and MEN who have BEEN SUCCESSFUL in the MAN-
AGEMENT of BUSINESS AFFAIRS conducted in the County, all of which is an
ADDITIONAL ASSET to a CORPORATION of this KIND.

FIFTEENTH—Kindly READ and STUDY the above over CAREFULLY,
"IT WILL PAY YOU," as an INVESTMENT of this KIND is RARELY ever PRE-
SENTED to the PUBLIC upon 100% BASIS as this is.

SIXTEENTH—IF INTERESTED KINDLY FILL in the PRINTED COUPON
and mail to the Anaheim office or call phone No. 1 Anaheim for an APPOINT-
MENT, in EITHER case we will be glad to go into full details with you relative
to the CORPORATION and also as to an INVESTMENT.

THIS OPPORTUNITY WILL ONLY BE AVAIL-
ABLE A VERY SHORT TIME. DON'T DELAY,
ACT NOW.

CROWD BACKING 'MIRACLE MAN' IN COURT

(United Press Leased Wire.)

LOS ANGELES, Feb. 25.—Two distinct factions—believers in "faith healing" and adherents of medical science—will clash again Monday, when "Brother Isaiah," so-called "miracle man" resumes his fight to clear himself of manslaughter charges arising out of the death of Mrs. Margaret Dunbar, one of his patients.

Superior Judge Shenk's court is the battleground over which will be fought this, the strangest battle ever waged in local court chambers. "Brother Isaiah," immaculately garbed in white from his hoary head to his bare feet, is supported by a faithful band of followers who last summer braved the California sun to watch him perform his feats on "Miracle hill."

Opposite him, and in striking contrast to the array of halt and lame, sit his accusers, the two sons and the daughter of the woman whom the state claims died as a result of his "cruel manipulations of her limbs." Dignified doctors, austere attorneys and rows of relatives and friends of the dead woman listened yesterday to the testimony of the two sons.

The white haired savant sat motionless beside his attorney, Paul Schenck, who claimed that death was due to religious emotion. At the close of the trial, fervent followers of the "miracle man" crowded forward to kiss the hand of the man whom many say cured them.

SELECT MCCREEY AS NEW SECRETARY AT HUNTINGTON BEACH

(Special to The Register.)

HUNTINGTON BEACH, Feb. 25.—Merle A. McCreey, employed for a number of years in the agricultural department of the Holly Sugar corporation, today was receiving the congratulations of his friends as the result of his appointment as secretary of the Huntington Beach Chamber of Commerce. He succeeds James F. Rogan, resigned.

McCreey, who is a member of the Baptist church and secretary of the Sunday school class, has resigned his position with the sugar corporation and expects to take charge of the local Chamber about March 15. The Chamber directors voted to pay McCreey a salary of \$175 a month. The new secretary is married and lives on Tenth street in this city.

HOTEL MAN KILLS HIMSELF IN LONDON

LONDON, Feb. 25.—Capt. Charles Percy Smith, former manager of the Pacific hotel, San Francisco, committed suicide in his West End apartment by shooting himself in the head.

Captain Smith went to the Pacific coast after completing his career as an officer in the British army. He recently returned to London, where he was one of the most popular clubmen in the city.

The tragedy is believed to have been brought about by the fear of blindness, which was often expressed by Captain Smith.

BLAST OF 50 TONS OF POWDER INJURES MAN 2 MILES AWAY

CHICAGO, Feb. 25.—Explosion of fifty tons of dynamite in a rock quarry at Argo, Ill., shortly before 9 p. m. last night, was felt for a radius of 100 miles. Thousands of dollars damage was done in Argo and surrounding Chicago suburbs through breaking glass.

Only one person was injured. A workman who was two miles from the scene of the blast suffered a broken arm.

GETS PROBATION AFTER 60 DAY SENTENCE

Believing that a state prison term of 1 to 5 years for burglary was too harsh a sentence for George Wilson, who was found inside the door of her home at 411 South Main street by Mrs. J. F. Parsons, but feeling that some punishment was deserved, Superior Judge R. Y. Williams today suspended judgment for one year, granting Wilson probation upon the condition that he would serve sixty days in the county jail.

Wilson had already served thirty days so his punishment amounts to a three month sentence. At the end of the remaining sixty days, it is planned to have a "rough, outdoor job" waiting for him, so that Wilson, who is 21, may have a chance to settle down to hard work and abandon the roving life which he told the court he had followed since the death of his parents in Virginia more than six years ago.

Judge Williams asked Probation Officer Miller to see if he could find a job for Wilson. During the period of probation, Wilson must make regular reports to the authorities. This was urged by Deputy District Attorney D. G. Wetlin, who felt, he said, that if there was some restraint over the youth he would feel more responsibility and regard life more seriously than he apparently had in the past.

Leniency in Wilson's case resulted from the belief that he was not a bonafide burglar. When he was found inside the door of a rear screen porch at the Parsons home he had apparently not disturbed anything. He claimed that he merely stepped inside the door, intending to ask the inmates of the house for some directions. He had been inside of the door for but a moment.

Attorney Carl M. Heim appeared for Wilson, who pleaded guilty late yesterday.

PIGEONS NOW CARRY DOPE FROM CANADA

CHICAGO, Feb. 25.—Pigeons are carrying narcotics from Canada to Chicago, according to a story told by Alfred Conroy to Captain John E. Biddle, narcotic expert in the district attorney's office.

"Chicago is full of dope," Conroy said. "They little packages of it on carrier pigeons in Canada and the pigeons come here."

Conroy admitted he is an addict and begs to be cured so he can rejoin his mother in Michigan. He was sent to the county jail to be cured. His story will be investigated.

KENNEDY DEATH JURY TO VISIT MURDER SCENE

(United Press Leased Wire.)

LOS ANGELES, Feb. 25.—The state expects to complete its case against Madalynne Obenchain, charged with complicity in the murder of John Belton Kennedy, by Wednesday, it was announced today by Deputy Prosecuting Attorney Asa Keyes.

Monday the jury will visit the lonely Beverly Glen cottage, scene of the murder, and the mouth of Santa Monica canyon where Charles A. Summar, leading state's witness will be asked to illustrate how he saw the car he says bore Arthur C. Burch to the scene of the murder.

Following Keyes' announcement that the state's evidence would be completed Wednesday, Attorney Judd Rush, Madalynne's counsel, stated that once started, it would require from ten days to three weeks to present defense testimony.

The jury will not visit the Russell hotel where it is alleged Burch kept a death vigil over Kennedy, from a room opposite the latter's office.

During yesterday's court session, the state by its testimony placed Madalynne with Burch across the street from Kennedy's office eight hours prior to the murder, and placed Burch in a roadster in Santa Monica canyon near Beverly Glen.

Marriage history and divorce records of the Obenchains were aired by the state. Through it all neither of the parties concerned faced the court.

LOWER DEATH RATES ARE FOUND IN EVERY PERIOD OF U. S. LIFE

WASHINGTON, D. C., Feb. 25.—

The Department of Commerce, through the Bureau of the Census, has issued a statement showing deaths and death rates by age groups from different causes in 1910 and in 1920. In every age group the death rate was lower in 1920 than in 1910, the most pronounced change appearing in the rate for infants under 1 year of age which declined from 13.084 per 100,000 in 1910 to 6.60 per 100,000 in 1920, a decline of about 26 per cent. The death rate for old people above 75 years of age shows a decrease of about 6 per cent, being 13,490 per 100,000 in 1920 as against 14,360 per 100,000 in 1910. In 1910 the death rate for infants was almost as high as it was for old people above 75 years of age, but in 1920 the infantile death rate was only about three-fourths as great as the death rate in old age. Particularly noteworthy is the decrease from 2,551 to 2,280 per 100,000 population in the age group 45 to 74, a decrease of 12 per cent, due largely to much lower rates from tuberculosis, acute nephritis and Bright's disease, organic diseases of the heart, accidents, and typhoid fever.

The general death rate from tuberculosis has decreased from 99 to 89. The rate from accidents has decreased from 84 to 71, and the rate from typhoid fever from 24 to 8.

On the other hand, increases in the rate from influenza, cancer, and puerperal causes clearly show some of the danger spots.

The next generation belongs to the farmer if he holds the balance of power as long as he held the bag.

Merchants Resent Grasping Greed of Los Angeles Paper

An attempt of the Los Angeles papers to invade the Long Beach field by the publication of a "Long Beach Section" to carry Long Beach advertising was nipped in the bud by the Merchants' association.

Many of its members having been approached by Los Angeles publishers seeking advertising for the "Long Beach Section," the directors of the Merchants' Association called a meeting, at which resolutions were adopted, pointing out the vital importance of keeping Long Beach free from Los Angeles influence and invasion.

"It is essential," say the resolutions, "if Long Beach is to realize its aspirations and become a city of many hundreds of thousands of people, THAT IT MAINTAIN ITS IDENTITY AS A SEPARATE AND INDEPENDENT MUNICIPALITY; and this independence can only come through independent action; THROUGH THE DEVELOPMENT OF CIVIC CONSCIOUSNESS; through the concerted, united program of civic development; through the development and growth of its business institutions and industries; through the loyalty, interest and enthusiasm of its constituent members."

PRICE CUTS AND RAIN AID SALE OF TRACTORS

The fine rains, in combination with the reduced prices recently announced, have resulted in cleaning out Fordson tractors in the hands of the local agency, according to Joe Stout, of Knox and Stout, Ford agents.

"The demand for the tractor has been such in the past few weeks that our reserve has been sold out, and we are now booking orders in advance," said Stout. "We are anticipating one of the best years in the history of our business and we can't help feeling just a little proud of our 1921 record and the way 1922 started off with us—forty-five deliveries of Ford motor equipment in January. During 1921 Ford built 1,050,540 cars, trucks and tractors and sold at retail 1,093,600, or 42,460 more than were made, and Santa Ana went over the top as usual. We took 532, or 213 more than our allotment."

Forest Whitson, who has made an enviable record as an automobile salesman since taking up this work two years ago, has joined the Ford sales force, and has evidenced his appreciation of the Ford line by purchasing a coupe for his own use.

Lawrence Pyte, a salesman of several years' experience, has taken charge of the used car department of the agency. He formerly operated at Wichita, Kan. He declares that he burned the bridges behind him and has come to Santa Ana to stay. He is a live wire and knows the automobile business in all its varied phases, according to Stout.

The next generation belongs to the farmer if he holds the balance of power as long as he held the bag.

bers."

Declaring that "the newspaper of today is a powerful factor in the fostering of these prime essentials and in the molding of public opinion" the Merchants' Association of the Long Beach Chamber of Commerce "wholeheartedly and unqualifiedly" endorsed the character and policies of The Long Beach Press and The Daily Telegram, and particularly commended the publishers of these papers upon the constructive, forward-looking programs which they have outlined for themselves and for the city of Long Beach; upon the clean, wholesome character of their publications; upon the wide scope of the activities embraced; AND ESPECIALLY UPON THE EMPHATIC PROPOGANDA DESIGNED TO RIVET THE ATTENTION OF THE READER UPON LONG BEACH AS A DISTINCT, SEPARATE, INDEPENDENT CITY."

The resolution concluded in these words:

"Be It Further Resolved, That we deem it unwise to endorse any proposition which might prove inimical to the best interests of our Long Beach publications."

WILL FACE JURY ON NON-SUPPORT CHARGE

Gabriel Chavira, charged with failure to provide for his children, is scheduled to go on trial Monday at 10 a. m. before a jury in department 2 of the superior court.

Judge R. Y. Williams set that date for the trial late yesterday, when Chavira, answering to arraignment, pleaded not guilty. The Mexican was represented by Attorney Carl M. Heim, appointed by the court for that duty.

It was revealed that Dolores Lozano and Gabriel lived together for five years, although unwedded. Not long ago, each was happily married to another, Dolores taking their four children.

Gabriel claims that he tried unsuccessfully to obtain custody of them in a court at Artesia.

He then followed her example and took a mate, but several days later Dolores came forward with the present charge against him.

HARBOR MAN HUNTED IN BAD CHECK CASE

LOS ANGELES, Feb. 25.—Police of the entire Southwest began a search for John Killingsworth, wanted at San Pedro for the passing of an alleged worthless New York draft for \$350 on the Evans Music company of San Pedro. The draft was tendered in payment for a violin, and was cashed by Donald Evans, proprietor of the store, two weeks ago. It returned from New York yesterday marked "no good."

Killingsworth is described to the police as being 45 years old and weighing about 160 pounds. He is 5 feet 8 inches tall and has light hair.

After you buy, the lot you have nothing more to pay. Compare these lots with any others without this being done and see what a bargain you are getting. Prices from \$1150 up.

(From Santa Ana Daily Register, Feb. 20, 1922)

BIG VITAL MOVEMENT FOR PROGRESS AND PROSPERITY

Santa Ana is today on the verge of a period of progress such as has never before been experienced during its history. Men of the city who have studied conditions and understand their trend promise a renewal of activity in every line of business. We are now a part of the only industrial White Spot in the country and men of this city are sponsoring a move that will make us the most favored spot, in the way of publicity, in Southern California—and that is no mean task. Plans are being formulated by group of public spirited citizens to make Santa Ana one of the most beautiful cities in the state.

Back of the proposed campaign is an earnest desire to see every man of the city employed, regardless of his profession or trade. The creation of new business for every line is a guarantee of prosperity, and this is one of the objects of the plan. An effort will be made to do now any work that may be possible, and a "DO IT NOW" slogan will probably be adopted.

One of the greatest objects of the movement will be the beautification of the city in general. A plea will be made to owners and renters, asking them to paint up and generally brighten their property as much as possible immediately.

Many things may be done throughout the residential sections of the city that may seem little things in themselves but which will be of inestimable value in bettering the appearance of the city as a whole. During the next year there will be thousands and thousands of visitors passing through the city, and the impression they carry away should be a favorable one.

Another move will be to encourage the full improvement of new subdivisions. Brentwood Square, Wisteria Place and Harmon Place have been mentioned as examples of the desired development. Paved streets, ornamental street light standards and rigid restrictions that will prevent the erection of buildings not up to the property standard are strongly endorsed. Owners of new additions will be asked to conform to the suggestions in order that the city may be proud of, and profit by, any new districts.

It is estimated that a fund of at least \$12,000 will be expended locally. Full page advertisements explaining the plan are being prepared and are expected to appear within the very near future. A complete list of the sponsors of the CITY BEAUTIFUL movement will be published in this paper immediately after committees are chosen. It is believed that the women's organizations will be asked to head branches of the work while representatives of the most important fraternal and business organizations will act as trustees and executives.

PASS 10,000 REGISTRATIONS FOR COUNTY

With comparatively no change in the trend of political affiliations evident, figures for registration of Orange county voters were bulletined today from the office of County Clerk J. M. Backs.

Registrations passed the 10,000 mark during the past week. From previous estimates of the probable total to be registered this year, approximately a third of the voters have now qualified for the 1922 elections.

The registration, by parties, follows: Republican, 6,362; Democrat, 2,016; decline to state, 1,244; Prohibition, 375; Socialist, 109; Independent, 90; Non-Partisan, 40; Progressive Republican, 7; Progressive Socialist, 1.

CHAMBERMAIDS' RACE

PASADENA, Feb. 25.—Chambermaids of the Huntington hotel are to have a contest on the lawn of the big hotel next Wednesday. Wealthy tourists will be judges as to who can make a bed in the quickest time.

The jitney is the one gentleman among the pedestrian's enemies. It always rattles before it strikes.

BATTALION OF DEATH OFFICER WILL SPEAK

Smashing blows at the liquor traffic are expected to be delivered tomorrow night at the First Methodist church here when Colonel Dan Morgan Smith, major in the "Battalion of Death," will speak under the auspices of the State Anti-Saloon league.

Colonel Smith gives vivid accounts of life on the battle fields and in the trenches, it is said, and pays tribute to the heroic work of his officers and his men in battle. Favorable comment has been made on his appeal for better Americanism.

"Better Americanism is needed just at this time to arouse our people to the danger of lax law enforcement and social unrest," Colonel Smith says.

Colonel Smith is a veteran of both the Spanish-American and the World Wars.

FILE INCORPORATION

Certificates of the incorporation of the O'Donnell Oil and Securities company, of Wilmington, Del., was here on file here today. The company is capitalized at \$1,000,000, according to the certificate from the secretary of state.

General Motors Corporation will soon announce and display in Santa Ana their newest and latest motor car. An economical, phenomenal performing, superbly finished, moderate priced, six-cylinder car. Watch the papers!

CHARGE BLACKMAILER ASKED AID FOR POOR

(United Press Leased Wire.)

WASHINGTON, Feb. 25.—An ob session that the rich should be compelled to help the poor children of the city caused George E. Long, clerk in the war department for twenty-eight years, to write blackmail letters to the elite of Washington society, threatening them with death unless they handed over large sums of money, police said today.

Inspector Grant said Long had confessed to the authorship of the letters. Charges may not be pushed against Long.

GETS 60-DAY TERM

Jesus Verdugo, charged with selling liquor, was in the county jail today for a term of sixty days, having been sentenced late yesterday by Justice J. B. Cox, who found him guilty of the charge. Verdugo was defended at his trial by Attorney Gus Hagenstein, of Fullerton.

OFFER OF 20 CENTS MADE ON SONOMA HOPS

SANTA ROSA, Feb. 25.—After a long cessation of business an offer of 20 cents a pound was made here on an order for 100 bales of hops. This is taken by hop men as an indication of approaching activity which is much desired, as for some time the culture of the industry has not been auspicious.

SPIRITUAL MATE LOSES DIVORCE AND ALIMONY

The alleged belief of Fred Sargent that he desired and should have a spiritual mate, caused him to repudiate his marriage bonds and obligations to Florence Sargent, who failed to meet the religious specializations, she told Superior Judge R. Y. Williams.

As a result of her testimony, corroborated by other witnesses, Mrs. Sargent today had an interlocutory decree of divorce, custody of a minor child and an order for Sargent to pay her \$25 a month alimony.

She admitted, however, that there was little prospect of collecting the alimony as she does not know her spiritualist husband's whereabouts.

"That Sargent's religious ideas interfered with the regularity of meals in the Sargent household was asserted by the wife."

"He paid all of the money he could get hold of to a medium in Los Angeles," she said.

"This medium was supposed to direct him where to find coal mines," she added.

"He told me and others that I was not his wife because I was not of his faith."

"He said his faith taught him that we were not in fact married because I was not a spiritualist."

Noted Baritone Declares He Prefers English as Medium for Singing

The English language, above all others, is the favorite singing medium of Cecil Fanning, the American baritone who comes to Santa Ana, Tuesday evening, March 7, under the auspices of the Santa Ana Musical association.

"I have always loved my native language and I think I love it none the less after careful study of the Romance tongues," said Mr. Fanning, recently.

"I realize of course that there is a smoothness about the Italian language which invites to song; there is a crispness about the French which is singularly attractive and a ruggedness about the German which one can by no means escape. But, due partly to the fact that we have so composite a vernacular, I just as firmly believe that there is a language which so nearly combines in one all of these elements as our own English tongue.

"I can hardly go so far as to give an entire program in English, unless I am very especially requested to do so, because there are too many wonderful songs by Schubert, Liszt and Wolf, for example, and too many French folk songs to resist giving at least a few songs in those languages. But I will confess that my greatest pleasure must come in singing English works, both because I enjoy singing them so much and because it is so manifest that these are the works that my fellow-countrymen most enjoy.

"A singer would be regarded as very bold, not to say impossible, who would attempt in Germany or France or Italy to sing an entire program in English. So why should we tolerate similar effrontery, when carried to the extreme? We must continually remember that we are not singing for musicians only but for the great mass of the people, who will respond very quickly to musical stimulus if it is rightly applied."

In all of these matters he is most heartily seconded by his accompanist and solo teacher, another gifted American, H. B. Turpin.

The distinguished baritone is to appear in the Santa Ana high school auditorium through arrangement with L. E. Behrmer and the seats are on sale at the Santa Ana book store. Half-price tickets are on sale for students.

Altar Society

Although few in number, the ladies present on Sunday afternoon at Knight of Columbus hall for the Altar society meeting made up in enthusiasm for the absent members, some of whom are ill, or have sickness in their families.

The hostesses for the afternoon were Mrs. M. C. Wilde and Mrs. P. L. Ruplinger, the third hostess, Mrs. Carl Heim being ill.

The rooms were made bright and cheery with large sprays of yellow acacia and the diversion for the afternoon was whist. The awards went to Mrs. E. B. Collier and Mrs. Aitken.

Late in the afternoon the hostesses served delicious pumpkin pie with whipped cream and nuts and coffee. Further plans were made for the box social to be held on Shrove Tuesday in Knights of Columbus hall to which all of the congregation of St. Joseph's Catholic church is invited.

Social Calendar

February 25—Meeting of Sedgwick Social club at G. A. R. hall; all day.

February 25—Cooked food sale at Chaffee's grocery under auspices of W. R. C. beginning at 10 a. m.

February 25—Meeting of Light Bearers of First Presbyterian church at church parlors; 2:30 p. m.

February 27—Meeting of Ebells club and lecture on "Facing the Far East" by Dr. Henry Kendall Booth, at Elks' hall; 2:30 p. m.

February 27—Meeting and program of Apollo club in music room of high school; 7:15 p. m.

February 28—Box social, Knights of Columbus hall, under auspices of St. Joseph's church Altar society.

February 28—Meeting, Current Events section of Ebells, at home of Mrs. Ray Adkinson, 1505 North Main street. Mrs. Herman Nixon and Mrs. H. M. Morrison are to assist Mrs. Adkinson in entertaining.

February 28—Meeting of W. C. T. U. with Mrs. Fanny Lash, 220 Cypress street; 2:30 p. m.

February 28, March 1—"Pirates of Penzance" under auspices of Orange County Choral union, high school auditorium; 8:30 p. m.

March 1—Meeting of the Woman's Alliance of the Unitarian church with Mrs. Harwood Sharp, 22 Orange avenue; 2:30 p. m.

March 6—Meeting of First Travelers of Ebells club, with Mrs. Lynn Shaw, 1502 Frenca street; 2 p. m.

March 7—Cecil Fanning recital at high school auditorium under auspices of Santa Ana Musical association; 8:15 p. m.

March 1—Meeting, Ladies' Aid of Richmond avenue church, with Mrs. W. R. Wright, 806 West Pine street.

March 2—All-day picnic, Fourth Travel section, Ebells, at home of Mrs. A. N. Cox at Balboa. All members are requested to bring their own plate, cup, fork and spoon.

Royal Arch Masons Keep Open House

Hospitality, informal and charming was the keynote of the first open house the Royal Arch Masons have held in this city in many years.

Last Thursday evening in response to the announcement they were entertaining, scores of Masons and their families assembled at the temple, where an interesting program was presented under the joint supervision of Asa Hoffman, chairman, and Carl Kaufman, H. M. Sammis and Charles MacCausland.

Bouldin's orchestra provided a pleasing number of selections and other features included a vocal solo by Mrs. Everett A. White; vocal solo and yodeling encore by Elmer Fieldt; violin selections and encore by little Georgia Belle Walton, talented 12-year-old pupil of Ollinae Enlow Matthews, whose performance was a delight to all present.

At the conclusion of the program the guest followed fancy's directions—some preferred to play cards and ten tables were occupied by devotees of progressive whist; those who did not care to play found their way to the upper floor, where the dancing was soon in full swing. Punch was served throughout the evening.

Change In Service at Church of the Messiah

The Rev. W. L. H. Benton announced today he had been called out of the city and that a minister from Los Angeles is to preside in his pulpit tomorrow morning at 7:30 o'clock and at 11 o'clock. At the time he made the announcement he had not been informed as to the identity of the minister.

There will not be an evening service at the Church of the Messiah tomorrow.

Ebells Travelers

Ebells' third travel section met at the home of Mrs. Perry M. Smith, 1420 North Broadway, yesterday afternoon and continued their study of South America and South American problems. The roll call on current events was responded to by the members with interesting bits relating to South America.

Mrs. E. A. Robinson presented an interesting paper on "Political Instability of South America," and Miss Preble Drake read an equally comprehensive paper on "Revolution Against Spain in the Early Nineteenth Century."

PERSONALS

Mr. and Mrs. George E. Kilson, of 125 McFadden avenue, are spending a few days in Los Angeles, visiting their two sons and families and also were to attend the Hawkeye picnic at Lincoln park today.

Mary E. Slack, 315 Fruit street, is leaving for Albany, Oregon, next Monday.

William Smith, of the Guggenheim company leaves tomorrow for a visit in Oakland.

Misses Mary and Metha Lorenzen, of Long Beach, are the house guests of Miss Prudence Macomber at her home, 1701 North Bush street.

First Congregational Church—Corner N. Main and Seventh. Perry Frederick Schrock, minister. Church school 9:45 a. m. Morning worship at 11. "Vocation Sunday." Sermon topic, "Wanted—Work for Young People and Young People for Work." Special invitation to high school and junior college students. Evening service 7. Moving pictures, "Keeping Up With Lizzie." Sermon, "Driving 'Lizzie' Without an Engine." Solo by Mrs. Slabaugh.

First Church of Christ, Scientist—Corner Bush and Eighth streets. Services on Sunday at 11 a. m. and 8 p. m. Sermon from the Christian Science Quarterly. Subject, "Christ Jesus." Children's Sunday school at 9:30 a. m. Wednesday evening testimonial meeting at 8 o'clock. Free reading room open daily, except Sunday, from 11:30 a. m. to 5:30 p. m. at W. H. Spurgeon building.

General Motors Corporation will soon announce and display in Santa Ana their newest and latest motor car. An economical, phenomenal performing, superbly finished, moderate priced 6-cylinder car. Watch the papers!

Talented Vocalist Is Given Enthusiastic Reception at San Diego

Before a large and enthusiastic audience composed of members of the San Diego Music Teachers' association and their guests, Mrs. H. M. Sammis, talented vocalist, with Miss Ruth Armstrong at the piano, last Thursday evening presented an interesting and comprehensive program which demonstrated the beauty, technique and range of her voice.

Mrs. Sammis went to San Diego in response to an urgent invitation issued by the music teachers, leaving here Thursday morning accompanied by Miss Armstrong. The feature numbers of her program follow:

"Danza Fanciulla Gentile," an old Italian ballad by Bruant.

"Hymn To the Night," Campbell-Tilton.

"Floods At Spring," Rachmaninoff.

"Do Not Go My Love," Hageman.

"Elli Elli," a traditional Yiddish melody from Russia and Poland, by Shalit.

That Mrs. Sammis established herself at once with the musicians was given ample testimony in the volume of applause which greeted each number and the insistent demands for encores.

Miss Armstrong, who is a sympathetic, understanding accompanist, shared honors equally with the soloist, the entire program being extremely artistic and a triumph for the participants.

An informal reception was one of the pleasant features of the occasion.

FULLERTON

FULLERTON, Feb. 25.—One of the most elaborate and enjoyable functions of the winter season was the Washington's birthday dinner party given here by Dr. and Mrs. D. C. Cowles at their home on North Spadra avenue, the date also being the birthday anniversary of the host.

The guests of honor were Mr. and Mrs. Sigbart Sorensen of Minneapolis, grandparents of Danforth Cowles, known among his friends as "sonny." Mr. Sorensen, who in Norway was known as "Sir Sigbart," was knighted by the king and wears the jeweled decoration of the order of St. Olaf, the gift of the king. He is editor of the "Dagleg Tidende," the leading Norwegian newspaper of the United States.

The crowning feature of the sumptuous turkey dinner was the birthday cake a yard across, made to resemble the flag, with red and white stripes, the stars being represented by the birthday candles.

Those present were: Prudence Penney, the well-known writer and authority on household economics; Mr. and Mrs. Charles Hansen, of Placencia; Mr. and Mrs. Ralph P. Brown and their house guest, Mrs. H. P. Keller, of St. Paul; J. Ralph Carhart, Mr. and Mrs. Sigbart Sorensen, "Sonny" Cowles and Dr. and Mrs. Cowles, the host and hostess.

Mrs. Fred Barker and daughter, Miss Louis, have been with Mr. and Mrs. V. Barnhill for the past week. Mrs. Barker is the sister of Mrs. Barnhill, and is here from Moosejaw, Canada. She is now spending a few weeks in Venice.

Gives Valuable Aid to "Pirates of Penzance"

Mrs. Ellis Rhodes passed yesterday in Los Angeles completing arrangements for the "Pirates of Penzance," which is to be staged at the Santa Ana high school auditorium next Tuesday and Wednesday nights under the auspices of the Orange County Choral union.

Mrs. Rhodes has worked indefatigably for the success of the production, personally "building" many of the hats and other accessories to be worn by the chorus.

UNIQUE WEDDING ON CLIFFS AT LAGUNA

LAGUNA BEACH, Feb. 25.—A marriage not without its unique features was performed here by the Reverend A. H. Burkholder last Thursday evening. The young couple, Miss Vera Massova, a Russian, and Werthgen Gladstone Ogborn, who came from Redlands to be married on the cliff over the sea at Laguna Beach. It seems they had seen the beach once and had decided it was the ideal location for a marriage ceremony.

At Santa Ana, however, they took the wrong turn and went to Balboa, which indicates a no uncertain sentimentality on the part of the groom, it was said. At Balboa they came to and assuring themselves they could still go on to achieve their objective in Laguna they set out. Engine trouble developed so it was nearly dark by the time they arrived here and broke in upon the Burkholders at supper.

They would not listen to any persuasion to be married in the house. In consequence, it was a shadowy group that groped its way to the cliff in front of the Burkholder home. There they stood in the dark, the bride weeping softly and the groom saying over and over again with satisfaction "This is the stuff."

The service was read by means of an electric flash and the young couple then drove back to Redlands, where they will make their home at the Rancho El Chivas.

In New York City there are more Jews than there are in Asia, Africa, South America, Australia and Great Britain combined.

WILIAM JENNINGS BRYAN'S WEEKLY BIBLE TALKS

Who is the first missionary of God, repairing the world from time to time by special acts of power. The theistic evolutionists picture God as having devised a plan by which the world unfolds according to a fixed law, each new development being the result of resident forces. But, however, critics may differ in the treatment of other miracles, they unite in ridiculing the book of Jonah.

One of the most prominent of living higher critics has recently spoken lightly of the Bible account of the fish swallowing Jonah and then vomiting him up, and this too, in spite of the fact that Christ uses the miracle of Jonah to illustrate His own burial of three days in the tomb. It requires some presumption on the part of a higher critic to set himself up as an authority on religion superior to the Saviour Himself, but some of them do not hesitate to do this.

The title "higher critic" is not a happy description of those to whom it is usually applied. In matters of religion they might better be called "dyspeptics." The Bible does not agree with them; they do not have the spiritual minds in sufficient quantity to digest the miracle and the supernatural.

The higher critic above referred to who ridicules the account of Jonah, has no difficulty in endorsing the weird and fantastic explanations which spring from the imagination of Darwinists. In a recent book he says:

"Men has grown up in this universe gradually developing his powers and functions as responses to his environment. If he has eyes, so the biologists assure us, it is because light waves played upon the skin and eyes came out in answer, if he has ears, it is because the air waves were there first, and the ears came out to hear."

"Man never yet, according to the evolutionist, has developed any power save as a reality called into being. There would be no fins if there were no water, no wings if there were no air, no legs if there were no land."

The texts of our Talks so far this year have contained a record of numerous miracles, and the rejection of one is hardly possible except upon grounds that would lead to the rejection of all. Acceptance of some of these miracles requires a much stronger faith than is necessary for the acceptance of the miracle wrought for the rescue of Jonah.

Elijah's prayer test with the priests of Baal, for instance, and Elisha's raising from the dead the son of the Shunammite woman—both of these are greater illustrations of the power manifested through his prophets. The sending of the ravens to feed Elijah and the healing of Naaman, captain of the hosts of Syria, of his leprosy were as clearly miraculous.

The Trouble With the Critics

The trouble with those who reject the miracles is that they have adopted an hypothesis that precludes the miraculous. It is not, therefore, a question of proof with them, but what they regard as a matter of principle.

They profess to believe that miracles belittle the Almighty, and yet every one who has been born again knows of a miracle more mysterious than any recorded in Holy Writ. Some have characterized a miracle-working Jehovah as a "carpenter."

He can believe that the eye, the most wonderful of man's organs, could be brought into existence by light waves beating on the skin, and that the ear could be developed by sound waves (without deigning to explain why the light waves do not continue to bring out eyes and the sound waves to develop ears) but he cannot believe that the Creator of all things could send a particular fish to a particular place for a particular purpose. Darwinism seems to close the heart to spiritual truth and open the mind to the wildest guesses advanced in the name of science.

Prayer That Avails

Those who reject the first and second chapters of Jonah will hardly be interested in the third with which the text for our Talk begins, but those who accept the Bible as true will see how a repentant man obeyed a second call and went to deliver God's message to Nineveh.

Nineveh was an exceeding great city and Jonah spoke with such earnestness that he converted the whole population. They proclaimed a fast and put on sackcloth from the greatest to the least.

Even the king hearkened to the message, laid aside his royal robe, covered himself with sackcloth, the coarse garment that indicated repentance, and sat in ashes. He issued a proclamation commanding that neither man nor beast should taste food or water.

It was a real revival, a sincere turning from sin and an appeal for mercy. They did not know whether God would repent and turn away from His fierce anger, but they felt that they must either touch the heart of the Almighty or perish.

This is the prayer that avails: it expresses faith in the power of God and faith in His loving kindness. It is the kind of repentance that makes it possible for God to blot out sin and remember it no more against the transgressor.

The Most Wicked Can Repent

And the people prevailed with God. The Heavenly Father saw that

they turned away from their evil way; "and God repented of the evil that He had said He would do unto them; and He did it not."

The experience of Nineveh presents an impressive lesson. It was a wicked city and its wickedness threatened its destruction. But the most wicked can repent. They can turn from their sins and be forgiven. The wages of sin is death, but salvation is possible when the conditions are complied with.

God would not that any should perish and is quick to forgive. He is more willing to give good gifts unto His children even than earthly parents, and the greatest of all gifts is forgiveness.

The story of the Prodigal Son emphasizes the continuing love of the Heavenly Father. It only waits an opportunity for expression and repentance is the key that unlocks the reservoir of divine love. If a parent's heart can be touched by a child's repentance, why not the heart of the Heavenly Father?

We have in the story of Jonah three instances of repentance—the repentance of Jonah when he was punished for evading the call of the Lord; the repentance of a wicked city when it listened to the message of the prophet of Jehovah, and the repentance of God Himself when a city sincerely repents and the people turn from their wicked ways.

And the closing chapter of Jonah's biography tells how the prophet was provoked at the saving of Nineveh!

Having threatened the city with destruction, he sulks and complains when the Lord heard the prayer of the people and withheld the impending destruction.

God's Use of Our Weaknesses

He was rebuked by a simple lesson, but we are not informed whether he was as open to suggestion as the people of Nineveh.

As he sat on the east side of the city, till he might see what would become of it, the Lord made a gourd to spring up quickly from the ground and cast its shadow over his head.

And Jonah was glad for the gourd. But the next day God smote the gourd, so that it withered. And Jonah was angry for the gourd.

"Then said the Lord, Thou hast had pity on the gourd, for which thou hast not laboured. And should I not spare Nineveh, that great city, wherein are more than six score thousand persons that cannot discern between their right hand and their left hand?"

The narrative begins with Jonah's cowardice and ends with this account of his reticence, but between these two lamentable failures he manifests courage and spiritual power. This combination of strength and weakness is not without its lesson to us.

God uses the material at hand; He does not call all in youth as He called Samuel, and all are not uniformly useful. He can make use of all degrees of strength and can even use our weaknesses as a warning to others.

Jonah teaches us important lessons by the weaknesses that carry him down into the valley of despondency as well as by the virtues that shine forth when he was at his best. (Copyright, 1922, by The Republic Syndicate.)

THE POWER OF REPENTANCE—TEXT OF MR. BRYAN'S BIBLE TALK FOR TODAY

(Jonah III:1-10)

And the word of the Lord came unto Jonah the second time, saying, Arise, go unto Nineveh, that great city, and preach unto it the preaching that I bid thee.

So Jonah arose, and went unto Nineveh, according to the word of the Lord. Now Nineveh was an exceeding great city of three days' journey.

And Jonah began to enter into the city a day's journey, and he cried and said, Yet forty days, and Nineveh shall be overthrown.

So the people of Nineveh believed God, and proclaimed a fast, and put on sackcloth, from the greatest of them even to the least of them.

For word came unto the king of Nineveh, and he arose from his throne, and he laid his robe from him, and covered him with sackcloth, and sat in ashes.

And he caused it to be proclaimed and published through Nineveh by the decree of the king and his nobles, saying, Let neither man nor beast, herd nor flock, taste any thing: let them not feed, nor drink water:

But let man and beast be covered with sackcloth, and cry mightily unto God: yea, let them turn every one from his evil way, and from the violence that is in their hands.

Who can tell if God will turn and repent, and turn away from His fierce anger, that we perish not?

And God saw their works, that they turned from their evil way; and God repented of the evil, that He had said that He would do unto them; and He did it not.

IN SANTA ANA CHURCHES

Where to Go and What to Hear

St. Joseph's Catholic Church—Corner Lacy and Stafford streets. Rev. Father H. Eumelen, pastor. Masses 7, 8 and 10 a. m. Forty Hours' devotion begins tomorrow with 10 o'clock mass. Sunday school 9 a. m. Evening service 7:30. Week-day at 3 p. m. this week. On Friday at masses 7 and 8:15 a. m.

FULLERTON FIVE CAPTURES LEAGUE TITLE IN WIN OVER POLY PLAYERS

Coach Lewis' Men Complete Undeclared Schedule With 34 to 25 Victory On Local Courts

Coach Glenn Lewis' Fullerton high school basketball team was today virtually in possession of the Orange county title, and well on the way to the Southern California honors, as a result of a victory over Poly on the local grounds yesterday afternoon, 34 to 25.

By the victory, Fullerton retained the perfect score of eight games won out of as many played. Although one more series of games is included in the schedule, to all intents and purposes the affair is over. Fullerton seconds meet the Garden Grove team next week, but the first team is assured of the title by the fact that the Grove school has no varsity. Santa Ana, on the other hand, has lost two games.

The game started with bright prospects for the success of the Poly hoopers. Santa Ana forged ahead until at the end of half time the score was 13 to 11, in her favor. The second stanza proved a severe disappointment for the locals and their followers. Coach Morrison's men suffered from an acute attack of butterflies and a general state of paralysis, so that when the final whistle tooted, Fullerton had overcome the two point lead, and was 9 points ahead.

The local team appeared a bit stale. They were game enough, and willing to fight for the victory, but they seemed unable to direct their efforts in the right channels. On the other hand Fullerton looked to be in the pink of condition, and would seem to be a good bet for the sectional title.

Arrones was the big wolf for Fullerton, while Detrick and Black starred for Santa Ana.

The lineup:

Fullerton	Pos.	Santa Ana
McDermont	RF	Messing
Arrones	LF	Knight
Dewhurst	C	Bowe
Shipkey	RG	Detrick
Gregory	LG	Black

Substitutions: Metz for Bowe. Baskets from floor: Arrones 8, Messing 5, Dewhurst 4, Knight 3, McDermont, Detrick, 2. Goals from fouls: Detrick, Arrones 5, McDermont. Referee, Hazlett.

GAVVY-HARMS DRAW
SAN FRANCISCO, Feb. 25 — Cyclone Gavy and Willie Harms fought a slow draw in the main event at the Dreamland rink four round show here last night. Sailor Walters and Eddie White fought the star bout of the evening, it also being a draw.

LINCOLN INDOOR PLAYERS DEFEATED IN CLOSE CONTEST

Washington school defeated Lincoln in a game of indoor baseball at the Lincoln school grounds last evening, 12 to 8.

The Washington school boys started out and annexed two points in the first, but the Lincoln lads came back in the second and scored four. After that the battle was nip and tuck until the end of the seventh, when the Washington lads were declared victorious.

Playing on the Washington team were Leonard Cook, Wright, Porter, Paul Swisselme, Martin Shields, Frank Hilligass, Leaner Corbett, Dan Kirmse, Oscar Bowen, Kirby Temple.

The Lincoln players were George Ortis, Clement Ortis, John Rosaley, Curtis Youel, Frank Sandoval, Richard Freeman, Russell Rohrs, Lloyd Miller, Henry Parga, Natividan.

POSTPONED MEETING HELD AT ANAHEIM

Coach Ray Adkinson's Poly track men were this afternoon scheduled to meet the San Diego runners on a postponed meet on the Anaheim high school track.

Followers of the track game at the local school were hopeful of the success of the local boys, in view of the success at the Redlands meet last week, and were confident of seeing the youngsters tack one onto the southerners.

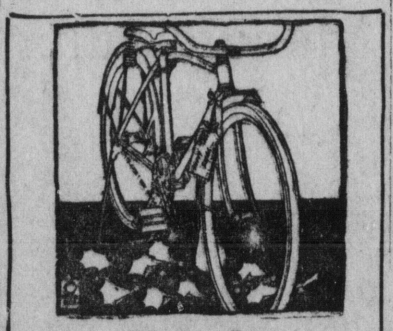

The meet was originally scheduled to take place here, several weeks ago, but due to the wet weather and the fact that the track was not contemplated it was postponed. A large following made the trip to Anaheim this afternoon.

COFFEY DEFEATS N. Y. BOXER AT HOLLYWOOD

HOLLYWOOD, Calif., Feb. 25 — Joe Coffey won a decision over Frankie Conifrey of New York, in the headline here last night. Conifrey got away to a slow start, which cost him the decision. At the end of the four round bout he was the stronger of the two. Jimmy Dunning outboxed Kid George, the "Jersey skeeter" in the semi-windup and took the decision.

LAND TITLE QUIETED
Title to sixty acres near Wintersburg was quieted today in Chris Nelson, as against Louis N. Wheaton and others, who were defendants in a suit brought by Nelson in Superior Judge R. Y. Williams' court. Attorneys Head and Rutan represented Nelson.

HAIL NEW YORK COPPER AS BETTER SPRINTER THAN CHARLEY PADDOCK

Claim 22-Year-Old Husky Has More Speed Than Californian. Discovered When Horse Ran Away

By HENRY L. FARRELL
United Press Staff Correspondent
NEW YORK, Feb. 25—Once in a decade an unknown, unheard of star comes out of the athletic firmament to shine above all the other constellations.

Right now one is shining out from the blue uniform of a twenty-two year old New York "cop," Bob McAllister. Five months ago he was a rookie on the force, distinguished only a little in the ranks of ten thousand by a superb physique and the spring of pent up energy in his makeup. Today he is the talk of the track world, a sprinter who seems to have it within his powerful limbs to even better the marks of the great Paddock, the "fastest human machine" of all times.

McAllister never knew he had speed in him until a runaway horse plunged down Broadway six months ago endangering lives on his beat. The young copper took after the frightened animal, overtook it and brought it down—an act good enough for the movies.

It was in this desperate chase that McAllister learned he had drive in his hips and speed in his limbs. The duties of a copper are arduous and his opportunity for athletics limited, so the young policeman started dropping into an armory on his way home for a run. He had no coach, no one to teach him form, but he was a born sprinter and ran for the pure love of it. He began to compete in the amateur meets at the opening of the indoor season, but then duty again intervened, as it was only when he could get the permission of the inspector that he was able to get away.

Last week, however, he burst forth to take the spotlight away from them all. In rubber soled tennis shoes, he ran a hundred yards in 9.4 seconds and 150 yards in 14.4 seconds, establishing three new records for the intermediate distances. Friends among the New York coaches are now interesting themselves in him. They are teaching him how to start and how to use his arms and other little tricks of form that will help him get more out of his great speed talents.

Californian Loses When Foul Claim Not Upheld by Official

NEW YORK, Feb. 25.—Lewis Tender of Philadelphia, won a referee's decision over Hyman Gold of California in the eighth round of their bout here last night.

The decision came when Gold, after claiming a foul in the seventh, refused to leave his corner at the sound of the bell for the eighth.

Once the referee had warned Tender against hitting low, but he refused to listen to Gold, and his seconds, when they claimed one of the easterner's blows in the seventh had landed below the belt. In most of the rounds up to the seventh, Gold held his own, bringing blood to the Philadelphia's nose in the second and staggering him with hard rights to the jaw on other occasions.

Physicians who examined Gold after he was led to his dressing-room, announced that they had failed to discover any evidence of a foul blow.

POLY PLAYERS PLAY AT SAN BERNARDINO

Coach Morrisons baseball team was this afternoon in San Bernardino to play the high school of that city in a pre-season practice tilt. With the basketball season practically completed, attention is being turned at Poly to the diamond game. Two practice affairs have been run off with the Edison company, and, although the older men defeated the high school lads on both occasions, the defeats were encouraging, for they showed some real ability and a great deal of improvement.

According to Coach Morrison, an effort is going to be made to call off the basketball game with Tustin, scheduled for next Friday, in order to allow the men playing the court game to enter track or baseball activities, unhindered. Tustin has showed signs of weariness of basketball, and it is believed that next week will see all energy devoted to the spring sports.

POSTPONE LEONARD FIGHT

NEW ORLEANS, Feb. 25 — The Benny Leonard, Pal Moran fight was postponed until tonight on account of rain.

ANAHEIM HIGH SCHOOL TO BE SCENE OF BIG TRADES MEET MARCH 9

The big banquet and meeting of employees and employers to be held by the Orange County Automobile Trades association March 9 will probably be held at the cafeteria of the Anaheim union high school, Herbert O. Davis, secretary, stated today.

A similar meeting held a few months ago was a big success and Davis is anticipating a repetition, because of the interest already manifested in the approaching meeting.

MARTINEZ JUDGE TO HEAR WATER CASES

MARTINEZ, Feb. 25.—Superior Judge A. B. McKenzie has been named by Governor William D. Stephens as trial judge for suits instituted in Fresno county by the San Joaquin and Kings River Land and Canal company and the San Luis Canal company against the Madera irrigation district.

In Your Own Home

—with its cheery atmosphere and unity of thoughts and love is where life's sweetest hours are spent.

HAPPINESS, independence and contentment, in all that these big words imply, is visualized most forceably in the above illustration.

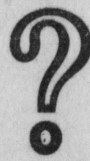

—Love, congeniality and ideal environment dominate their existence and surroundings, and because of the combined efforts applied in **MAKING THEIR HOME A REALITY** they are most appreciative of their accomplishment.

—Surely no one who is not the proud possessor of **AN IDEAL HOME** can study this illustration without experiencing a feeling of regret for past mistakes and delays; however, all the regrets in the world would not contribute the tiny front door bell towards a home. A **LONGING FOR HOME LIFE** strong enough to encourage its undertaking, then determination to make sacrifices, if necessary, together with consistent efforts, energy, enthusiasm and will power are the real factors that builds and makes **IDEAL HOMES**.

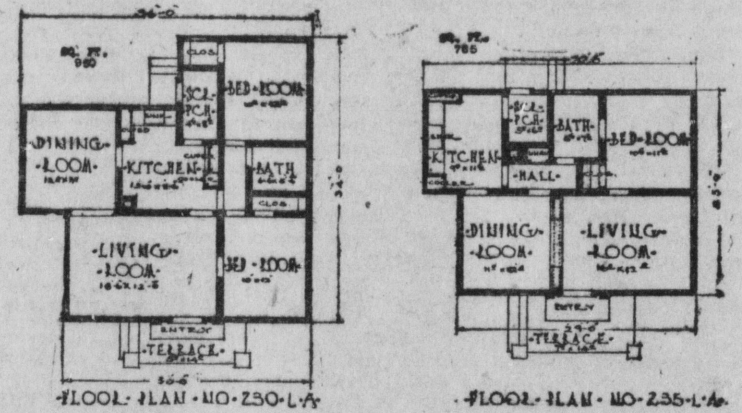

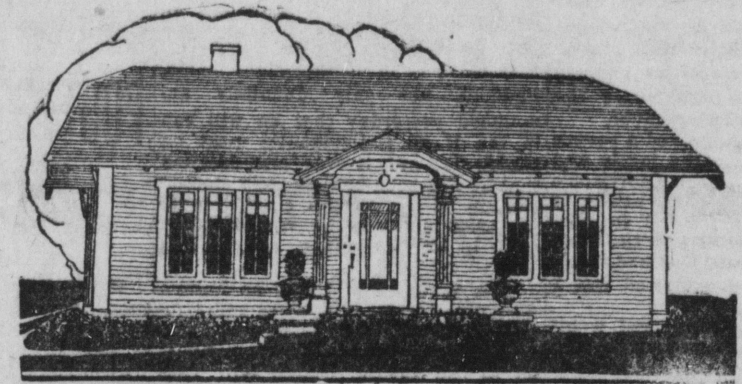

—**DELAYS ARE COSTLY**; their totals already represent the loss of a comfortable home investment to you; realizing this why delay and continue piling up regrets, while all around you is evidences of determination; friends and acquaintances who are adopting home ownership not only because they have awakened to a realization of the future, but because they are desirous of experiencing the happiness, contentment and independence **THAT HOME OWNERSHIP ASSURES**.

—**IT'S BUILDING TIME IN SANTA ANA NOW**; building materials and efficient labor are obtainable at conservative costs, and we earnestly recommend that you choose plans and start building operations at the earliest possible time.

Plans No. 230 and 235

A typical colonial bungalow home, simple in construction yet pleasing and very popular. It is the straight pronounced lines that attract and make its appeal, and the alternate floor plans offers a selection of room arrangements making it adaptable to the needs of the average family.

The home as shown covers floor plan No. 230, and while No. 235 will develop into just as pleasing a home it will be smaller in appearance because of the width and compactness of the rooms. This is one of the most popular home plans we have featured so far and one that you will be making no mistake in adopting to build from.

Additional information regarding any department of the home, plans, etc., will be given by addressing the home building Editor, care this paper

The following organizations, public spirited firms and individuals are interested in helping to make Santa Ana a city of more beautiful homes and to assist in every possible way in creating homes for those who are desirous of making Santa Ana their future home, and it is their recommendation that all who can possibly do so, build homes or convert their surplus money into homebuilding channels. That you may take full advantage of the information these pages contain, they have retained the services of competent home designers who will gladly advise with you and give valuable assistance in planning your new home. Address all inquiries to the "Home Building Editor," care this paper.

GOOD EVENING

It is the dark cloud that brings out the brilliance of the rainbow. It is the adversity or misfortune—like dark clouds—to be overcome, which brings out the brilliance of character.

OF NO CONSEQUENCE

What breaks up the happy homes? Is it poverty, sickness, crime? No, say the women's magazines. It is nagging over nothing. It is quarreling over matters of no consequence.

There must be something in this. Two of the leading women's magazines have articles about it this month, and a third touches the edges of the underlying psychology.

It is not supreme selfishness on the part of either member of the matrimonial firm that is to blame, either. It is just petty selfishness, petty obstinacy, petty insistence on having one's own way. Moreover, says one of the articles, the dramatic instinct has much to do with continuing small quarrels. When husband is late for dinner, wife sees herself in the role of an abused wife, and feels obliged to go on with the role whether or not in her deepest heart she believes a word of the lines. Husband has "read novels and gone to movies, too," so he plays up and a nice big row is made out of what had been a trifle in the first instance.

After all, Bunker Bean's favorite phrase, generously used, might save many a good ship from wreck on the divorce rocks. If husband is late, if wife forgets to sew on the button, the partner who can just say cheerfully, "I can imagine nothing of less consequence" will usually save the day, the situation, and a lot of temper and trouble.

Someone has called attention to it—Washington's birthday comes on the 2-22-22.

PHARAOH AS AN EXAMPLE

Interpretation of the Scriptures does not seem to be a very strong point with the United States Senate. The Senators sometimes quote Scripture, but are prone to err in applying it. There is the Pharaoh episode, for instance, which diverted the Senate in one of its busy moods the other day.

Senator Kenyon had been advocating the bill to relieve unemployment by providing work on big public improvements during the depression period. Senator New thereupon read the biblical account of Pharaoh's dream about the seven fat kine in the meadow that were eaten up by the seven lean kine, and Joseph's explanation that the fat kine meant a period of prosperity and the lean kine meant an ensuing period of depression. Senator New's application was merely that "these recurring periods of plenty and famine have been going on for some time," and "there seems to have been devised no successful method of arresting their progress." He therefore doubted the efficacy of the remedy proposed by the Iowa senator. And if the latter made a rejoinder, it is not recorded.

Now, it looks to a lay student of the Scriptures as if everybody concerned had missed the point of what might have been a very apt allusion. Joseph, seeing what the dream meant, and being a practical person, immediately advised Pharaoh to start buying up all the corn on hand while the bumper crops kept rolling in, hoarding it in national granaries to dole out for rations when the lean years came. That was done, to such good effect that when the brethren of Joseph came down to Egypt during the famine, they were able to buy all the corn they needed. Never was there a clearer lesson regarding the equalization of a nation's resources, especially its food products, over good times and bad times.

THE TOTAL WAR COST

It may be taken for granted that there will be some sort of bonus legislation, sooner or later, which will cost the country several billion dollars. A liberal estimate puts the total cost at \$5,000,000,000 to \$6,000,000,000, which is about as much as all the pensions paid to Civil War veterans up to the present time.

President Harding remarked in his recent bonus letter that the government is now spending \$400,000,000 a year for the relief of disabled veterans of the World War. The total amount already spent for such relief is more than a billion, and Senator Borah declares that disbursements for that purpose may eventually reach the vast sum of \$75,000,000,000.

The government is automatically "compensating" the veterans and their families for disability and death, and the payments on that account up to Sept. 30 last amounted to \$253,000,000. They are now piling up rapidly.

There can be little doubt that this war, when the figures are all in, toward the end of the present century, will cost the United States not less than \$100,000,000,000.

What of it? Well, nothing much, except that the contemplation of such figures certainly makes peace efforts seem more than ever worth while.

"Advertising is second only to religion as a moving force in the world today." — Roger Babson.

LURE FOR COUNTRY DOCTORS

New York, like most states, has many rural communities which have no local physicians. In many instances it is necessary to summon medical aid from points 15, 20 or more miles away. A plan has been suggested to remedy this condition. It is suggested that each doctorless community shall erect a home and a small hospital to be placed without charge at the service of any accredited physician who will settle there.

The state grant went on record at once as favoring the scheme. Its members know the need. The state association of health officers approves it also. Already steps are being taken to see what aid, financial or otherwise, can be had from the state health department and whether any of the great charitable foundations will help the community struggling to help itself.

Even if outside assistance is not forthcoming, the grant believes that much-needed medical service can be attracted to country districts if the inhabitants will only go half way in relieving the country doctor's lot of some of its worst uncertainties.

There has been a tendency among doctors of the younger generation to settle in larger cities, where, they feel, the field for operations is greater and the compensation correspondingly attractive.

For real service to humanity, however, the coun-

try offers to the young doctor of today an opportunity for service and community life that he cannot expect in any large city.

The country doctor, as he is known to most of us, is the salt of the earth. While he may not have had opportunity to make a great name for himself as a surgeon or a specialist, he has served many thousands of families in real need. The heart of the country doctor is big, and in the confidences and affections of those he has aided in sickness and advised in health is a compensation that only those who have true ideals of service can receive.

"The idealists and plain folk of the different countries are slowly but surely winning the battle of disarmament and courageously trying to create a machine of justice to prevent another war."—Sir Phillip Gibbs.

CHICAGO HAS A PONZI

Now Chicago comes forward with its Ponzi. So far, however, it seems doubtful whether the victims of the Chicago financial wizard will get anything back or will even have the satisfaction of putting him in prison. It appears that he has acted within the letter of the law.

It is the old story of the plausible financier, the eager investor who saw a chance to make money rapidly—or thought he did—and the unwise, if not dishonest, investment of his money with no sound security given in return.

Of course the promoter explains that he was only unfortunate, a victim of the times and not dishonest, and that it "will all come out all right."

In the meantime it is another warning finger pointing to the need of better laws to control the speculator and better education in financial matters for the small investor.

California has a "blue sky" law, that has proven very irksome and unpopular among a certain class of promoters. Would that it were made more irksome and more unpopular among them than it is.

Administration of the rights of scrutiny under that law cannot be exercised too severely.

THOUGHTS OF SPRING

Whatever a young man may think about in the spring, a woman's fancy just naturally turns to housecleaning. Not because she really relishes the scrubbing and certain stretching and papering and disorder and the rest, but because she is a creature of instinct, like the birds. The mother bird has to make a new nest, and the mother lady has to keep the nest she has. Her recourse is "to make all things new."

The first bright days have a way of making all the dust show, and the grime and the finger marks on the stair-wall and the spot where the rug is worn out. And the grass and leaves are going to be all new and clean, and the fruit trees are going to put on their blossoms, and why, pray tell, should not a woman want to freshen up everything, too? From bonnets to floor varnish?

Athletics for Everybody

San Francisco Chronicle
In a letter to presidents of colleges General Pershing highly commends athletic games as a collegiate function because, as he states and as all know who have looked into the matter, examinations of men for the army showed that the American men are in a deplorable physical condition. There is a widespread belief that universal compulsory military training is worth while, even if we positively knew that there would never be another war.

The combat troops which we sent to the French front were the most magnificent body of men. It is wholly improbable that we could have duplicated those armies. Nobody imagines that we could have replaced them twice.

Sports give a physical training impossible, in practice, to be got from gymnasium exercise. The value of match games conducted by a few while the multitude sit on the bleachers and hold umbrellas over their girls may be doubtful, and yet they seem necessary to stimulate interest and get the money for general athletic purposes. The college presidents are having a hard time in keeping out commercialism.

It may be that we should get more work done in a year, save doctors' bills and reduce taxes sufficient to pay for the time and money cost of universal military training. It should be a matter of cold-blooded calculation without heat.

Tree Planting In Visalia

Visalia Delta
We wish again to suggest that if the citizens of Visalia do not stop cutting down shade trees they will soon have none left. One of the most beautiful residence street intersections has recently been denuded and looks like a spring chicken picked ready for the oven, and we imagine Old Sol will provide the heat before the summer is over. It may be, of course, that the wrong kind of trees have been planted originally, and we know in some instances that insistence of the power or telephone companies that it must put trees has led to drastic action by property owners, but whatever the extenuating circumstances the trees are gone, the shade is gone and the residence streets of Visalia are beginning to show the effect of unsystematic tree planting, cutting, neglect and carelessness.

The other evening the Visalia Times joined heartily with the Delta in denouncing our lack of civic pride in the matter of city beautification, and recommended concerted action in planting shade trees in the newer sections of the city. The Delta concurs in this suggestion which we understand is to be carried out in the new Home Builders' Tract. We will be glad to see this improvement, but we will regret if nothing is to be done to reclaim the older sections of Visalia.

We can write columns of advice, but nothing will come of it unless some organization takes hold and makes the sentiment for beautification which we honestly believe exists here effective by leadership. Will not some organization volunteer to take hold of this problem?

Editorial Shorts

In charging an illegal conspiracy against three big tobacco firms, the Federal Trade Commission probably proceeds on the theory that where there is so much smoke, etc.—Nashville Southern Lumberman.

President Lowell of Harvard complains that football interferes seriously with the students' academic work. He probably doesn't realize how seriously their academic work interferes with their football.—Nashville Southern Lumberman.

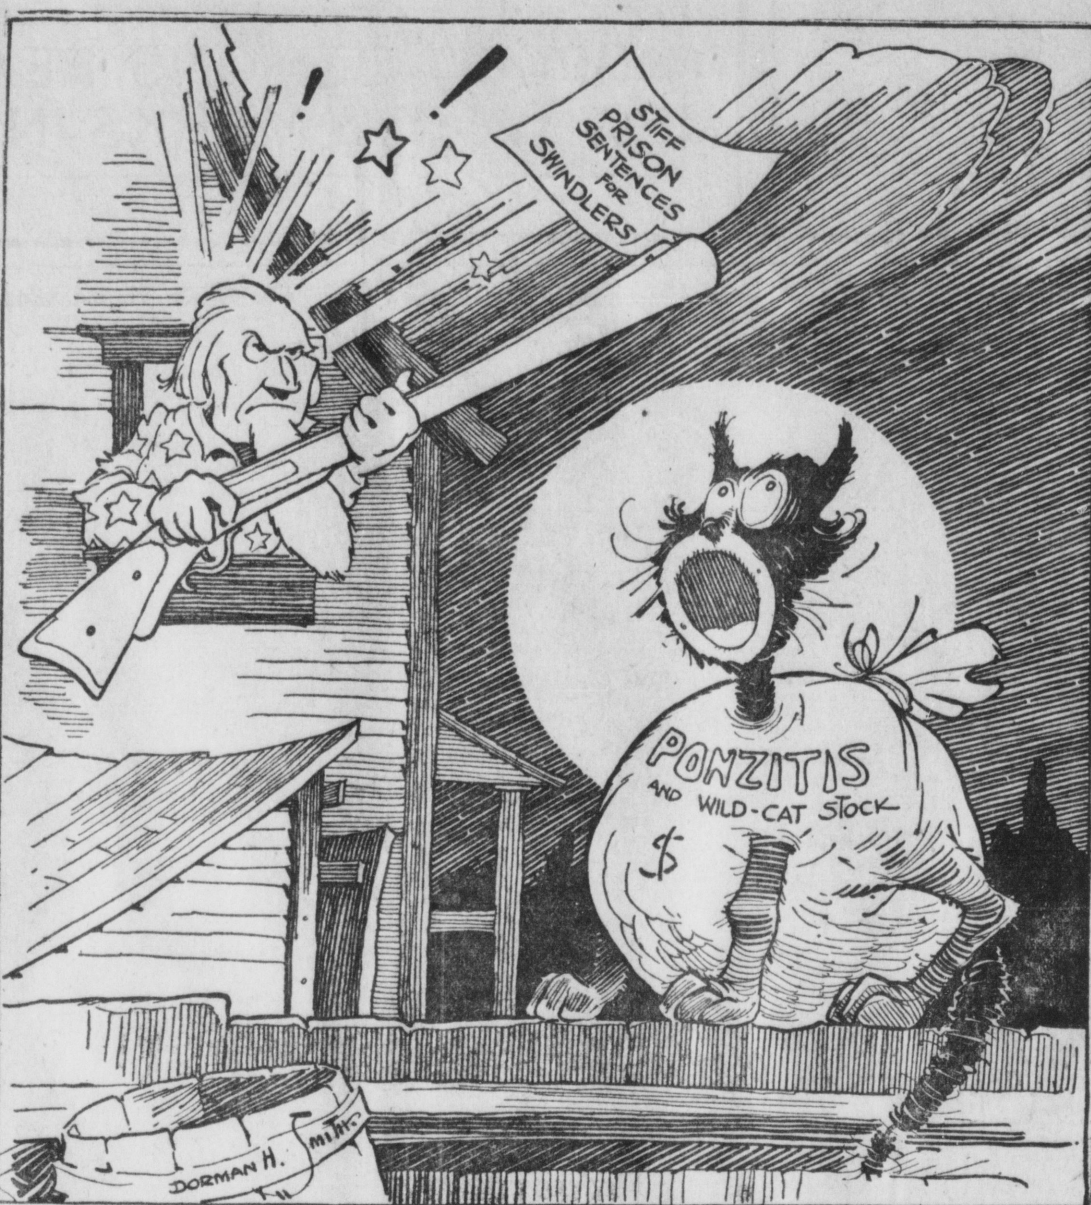

A Virginia man never saw an automobile until his 98th birthday last week, and then, luckily for him, he saw it first.—Boston Globe.

When Sunday Comes

By John Andrew Holmes

Some people choose to walk to church, others prefer to come in a car, while many will not come at all unless they may ride in a hearse.

A Buckshot Ought to Help

Today's Talk
by George Matthew Adams

THE WAVES OF THE SEA

I love the sea. To me there is a soothing power about it that nothing in Nature quite approaches.

To lie by its edge at sun falling, and to hear its mellow roar hour after hour far into the night—I am filled with wonder and a feeling of littleness in comparison.

And then to watch the roll of the waves as the sun creeps up in the morning—the lengthened sheets of water folding so majestically along the shore, a great line of crushed pearls glittering in the light upon a bed of dulled silver.

Far out those waves begin to break—at first rising only to tumble into mad foam—then gathering again and again, to die finally in the lap of the sand.

There is nothing of disturbance about the music of the waves. Rush into these waves. Let them break against your body. Ride upon them. Play in their arms. How do they come? Why are they? Ask Beauty—maybe she can tell you.

Now a mass of clouds hovers about these romping players of the sea. The sun is higher. Children have come to laugh and run and dare, these monsters who only smile as they live and die their life away.

The west begins to claim the sun. Shadows touch the arching tops of the bounding billows. Slowly the opaled colors of the sky wrap their robes across the vast distance of the waters. And the waves tumble and rumble and mumble.

The listening leaves of the tropic trees join in. The beach is deserted. The moon peeks through new clouds and watches for a little while. The wind whistles a soft song.

I am made better in body and in spirit for this that I have seen and known.

I fall asleep—and dream only of the waves and the sea—the sea and the waves.

In the Long Ago

From the Register Files

February 25, 1908.

For January shipments, members of the Orange County Celery Growers' association received 105,000 from its selling agent, the California Vegetable Union.

The Speedometer on Bert Doremus' auto won over City Marshal L. M. Edwards' stop-watch. Edwards said his watch took the auto as it came over the S. P. tracks on Main and again when it reached Seventeenth, and the machine was going over fifteen miles an hour.

Doremus said his speedometer showed under fifteen. City Recorder J. A. Willson dismissed the case.

Pelegrina Manriquez of San Juan Capistrano, aged about 100 years, was defeated on trial in the superior court in her belief of many years that she owned 102 acres at the mission town. Testimony showed that in 1880 the woman's husband, Guadalupe Manriquez, deeded the property away, a transaction the woman evidently knew nothing of.

J. A. Buckingham, M. A. Menges and M. Nisson appear as plaintiffs in an action against the city of Santa Ana to declare void the city's contract to buy a 127-acre farm, a sewer farm southwest of the city.

The Paragon stock has been taken over by and will be consolidated with Wingood's pharmacy. Prize winners in an easy contest conducted by Dr. A. M. Roberts of the Electric Theater are: First, \$5, Eva E. Martin, 1276 Chestnut; second, \$3, Floyd Mitchell; third, \$1, Sophie Hardy; fourth, \$1, Ruth Burns.

Ten years ago the G. G. G. club was organized. A reunion of the members was held at the home of Mrs. Earl Glenn. Those present were Mesdames Glenn, Ruby Wilcox, Anna Crookshank, Misses Celia Colter, Jessie Flook, Lida Crookshank, Lucy Boyle, Lottie Padgham, all of Santa Ana; Misses Lottie Brown, Jennie Swanner, and Eva Phillips and Mrs. Alico Shallenberger, of Los Angeles; Misses Ella and Minnie Chaffee of Long Beach, Mrs. Carl Cleaver of Idaho, and Mrs. Jessie Cole of Anaheim.

SAYS TRANSPORT ASSOCIATION IS EXPERIMENTING TO FIND PROPER TRUCK LOAD LIMIT.

Fresno, Calif., February 21, 1932.

Editor Register.—I have just read your recent editorial regarding the letter sent to you some time ago by this association and on behalf of the association, I wish to say that an investigation in carrying on the maximum weight and tear upon the highways. While it was stated in the letter you recently published that we were in favor of the 24,000-pound limit, I should like to qualify that statement by saying that we are really not yet prepared to express a definite opinion as to exactly what load would be safe for the highways and economic for motor transportation. When I wrote you on the 7th instant, I stated that "we believe a 24,000-pound limit would be reasonable," I was merely stating my personal opinion. Until such time as the investigations of our tax and truck experts have been completed, we will not be in a position to recommend any definite weight limit or speed which these trucks should operate upon.

In this connection, I might say that one of the results of the test highway at Pittsburgh, California, which has been watched closely by federal, state and county engineers, was that a speed of twenty miles per hour was more injurious to the highway than a lesser or greater speed. Just how the weights, whether a minimum or maximum load, affect this wear and tear to a greater or lesser degree, we have not yet learned. We are also following the experiment and it is hoped that in a short time, we will be in possession of all the facts after which we shall announce the policy of this association regarding weight limits and speed limits.

We assure you of our desire to bring about a proper solution based upon scientific data of our transportation problem and of our common desire to protect the highways. In seeking the economic solution, this association will not have in mind the interests alone of the truck owner and operator, particularly since our membership at this time is composed largely of shipper as well as other men not directly engaged in motorized transportation.

I might say here that the President of this association, president of the Valley bank, a financial institution with branches throughout the San Joaquin Valley. Mr. W. L. Matlock, our vice-president, is district manager here for the Union Oil company. F. A. Seymour, another vice-president, is the general manager of the Sun Maid Raisin Growers, and the other officers and active members are for the most part men other than truck men.

Very truly yours,
FRANKLIN LOWNET,
Advisor, California Motor Transportation association.

Pointed Paragraphs

There is little indication that a high old time will ever get back to the pre-war level.

Hate: A product of the conviction that you can't beat the other fellow in fair competition.

Home, to the small boy, is merely a filling station.

Income Tax Facts

Bulletin of Bureau of Internal Revenue
(In Eleven Articles)

NO. 11—INCOME-TAX FACTS.

Section 202 of the revenue act of 1921 deals with the basis of ascertaining taxable loss or deductible gain in the sale or other disposition of property. The act provides that cost shall be the basis with three exceptions.

The first is that in the case of property which should be included in the taxpayer's inventory, the last inventory value shall be the basis; for example, if a merchant bought in 1920 a certain article, and it was sold by him prior to December 31, 1920, but was included in his inventory as of that date and sold in 1921, the taxable gain or deductible loss would be the difference between the selling price and the amount at which the article was carried in his inventory.

The second exception is that in the case of property acquired by gift after December 31, 1920, the basis shall be the same as that of the donor or last preceding owner by whom it was acquired by gift. For example, a man in 1918 acquired stock in a corporation for \$100 a share, and kept it until 1920, when it was worth \$120 a share, and then gave it to his son, who in January, 1921, gave it to his wife, the stock at that time being worth \$150 a share. If subsequently the wife sold the stock for \$200 a share, her taxable profit is not \$50 but \$100, the gain over the cost to the last preceding owner who did not acquire the stock by gift.

In the case of property acquired by gift on or before December 31, 1920, the basis for ascertaining gain or loss from a sale or other disposition thereof shall be the fair market price or value of such property at the time of acquisition. In the case of property acquired by bequest, devise or inheritance, the fair market price or value of the property at the time of its acquisition is the basis for determining gain or loss.

Subdivision C of section 202 of the new revenue act deals primarily with the exchange of property for property. It is much more liberal than the act of 1918 in enumerating the classes of such exchanges which do not result in gain or loss to the

taxpayer. In general, there is no gain or loss when property (other than stock-in-trade or property held primarily for sale) is exchanged for property of a like kind. When an individual or a partnership transfers property to a corporation and immediately thereafter is in control of such corporation—owning at least 80 per cent of the voting stock and at least 80 per cent of the total number of shares of all other classes of stock of the corporation—no taxable gain or no deductible loss results.

Sales Prior to March 1, 1913. In the case of the sale of property acquired prior to March 1, 1913, the basis for determining taxable gain or deductible loss is cost, but the fair market price or value as of that date is important. Generally to determine taxable gain, the March 1, 1913 value is used if more than cost, and to determine deductible loss, the March 1 value is used if less than cost. Taxpayers should read carefully section 202 (b) of the act on this point.

Following are concrete examples: A bond bought in 1912 for \$500 had on March 1, 1913, a value of \$750 and was sold in 1921 for \$1,000. The selling price is \$250, the excess of the selling price over March 1, 1913, value. A bond bought in 1912 for \$1,000 had a market value on March 1, 1913, of \$750 and in 1921 was sold for \$500. The deductible loss is \$250, the excess of the market value of March 1, 1913, over the selling price.

A bond purchased in 1912 for \$500 had a market value on March 1, 1913, of \$1,000 and was sold in 1921 for \$750. In this case there is no taxable gain and no deductible loss.

A bond purchased in 1912 for \$1,000, on March 1, 1913, had a market value of \$500 and in 1921 was sold for \$750. This transaction, on a basis of cost would result in an actual loss of \$250, but owing to the provisions of section 202 (b) (3) of the act the taxpayer can not deduct such loss from his gross income because the market value on March 1, 1913, was less than selling price. Neither does he have to report a gain on the transaction.

Bear Stories for Bedtime

CHAPTER 279

BUSHY SQUIRREL WISHES HE HAD LISTENED

By Harvey Elliott

"Say! Say! He licked him! He chewed him! He nearly killed him! He did!"

It was Johnnie Jay, shouting over the Green Forest. He had seen Billy Bear almost crush the life out of Snarlle Wolf because he had jumped on Willie Whiskers the Goat. Now Johnnie Jay loves excitement. There isn't anything he likes to see better than a good fight. Of course he stays away up on a tree-top while it is going on. But if he isn't too badly scared he shouts for the one he wants to win. This time he was shouting for Billy Bear. He always was for Billy Bear, no matter who he was mixed up with.

After Billy Bear had let Snarlle Wolf up, Johnnie Jay thought it was time to spread the news. The fact was, the Forest people had come to pay little attention to Johnnie Jay, because he so often made a big fuss about nothing. When he really did have something worth while to tell, it was usually some time before he could get anybody to listen.

Johnnie determined to make Bushy Squirrel listen to his tale. Now Bushy Squirrel gets irritated and cross about as quickly as anybody in the Green Forest. Johnnie Jay pestered him so much with his senseless gossip that Bushy could hardly tolerate him around. The only reason Bushy hadn't wrung Johnnie's neck long ago was because he could not get hold of him.

"Oh, do hold your tongue!" said Bushy crossly. "You are everlastingly fussing around about something. You sure do make me tired!" "I tell you he nearly killed him!" shrieked Johnnie Jay. "Here he comes now!"

Just then Bushy Squirrel stretched his neck around and saw a big, red, sad sight. There was Snarlle Wolf hobnobbing along on three feet, with his hair all matted up, and blood running down the side of his neck. Bushy's curiosity bump almost burst.

"Tell me about it, Johnnie! What's happened to him?"

Bushy was dying to know the whole story now, and coaxed at Johnnie Jay to tell him everything he knew.

"You're too tired to listen," shrieked Johnnie. "I'll tell it to somebody else."

With that, Johnnie Jay gave his wings a flap and off he went to tell it to somebody else.

Bushy Squirrel would have given several weeks of his life if he had only listened to Johnnie Jay's story when he had a chance. He felt he could neither eat nor sleep till he had found out what had happened to Snarlle the Wolf.

Note Book

By Lee Pope

Me and pop was in the setting room after supper, me thinking about doing my homework and pop smooching and reading the sporting page, and the door bell rang and I ran down to open it to take my mind off my lessons, and it was some man with a brown derby hat, saying, I'd like to speak to Mr. Potts.

He's up in the setting room, I sed, and he sed, Well, if it's good enuff up there for him its good enuff for me. And he came up in the setting room and looked at pop, saying, Mr. Potts?

The same, sed pop, and the man sed, Mr. Lewis sent me over a see you, and pop sed, O, Mr. Lewis, yes, and the man sed, Mr. Lewis thawt you mite be intristed in a case or 2 of the reel stuff at a very reasonable figure, you mite even say dert cheap, of course you cant depend on most of the stuff thats floating around nowadays at exhorbitant prices, but I can assure you I only handle the reel genuine bonny fidey article and you can take my word for it.

Certyn, I wouldnt think of doubting your word, youve got to take peepless weerd for that sort of thing jest now or you'd never get anything. I realize that perfectly, its a case of give and take and maybe we can tawk bizniss if youre sure its genuine whiskey, say pop.

Which jest then came in, saying, Whiskey, my Willium, I hope and prey you're not thinking of taking a chance on eny strange whiskey with all this wood alcohol in the papers, and pop sed, Certyn not, that was I was jest about to say, how am I to know wat the stuff is made of, a wiskey label is only a meer scrap of paper nowadays. In sorry, but I dont think there's anything doing, and ma sed, I should say no, she went out agen, and the man sed, Its a grand little proposition, perhaps you'd like to tawk it over at your office some time, and pop sed, No, absolutely no, I've made up my mind, you can take one of my bizniss cards but its absolutely no use.

I understand, sed the man, and he took pop's card and put it in his pocket and went, and I sed, Well G, pop, suppose he comes down to the office? I never thawt of that, sed pop. Wich maybe he dident.

THE PASTOR SAYS: As the pretty clerk moistened her fingers with saliva preparatory to lifting the chocolates into the paper sack, which she had just blown open with carbon dioxide gas, she remarked to me that she liked her work. Work in a confectionery store was such nice clean work.

—John Andrew Holmes.

COUNTRY SHOWS BIG INCREASE IN MOTOR CAR FIGURES

Statistics Indicate 13.2%
Increase Over Previous
Periods of Time

INCREASE IS MILLION

Horace Fine Claims Figures
Prove Continued Activity
In Automobile World

By HORACE FINE
(Automobile Editor of The Register)

That registration of motor cars and trucks increased 13.2 per cent in 1921 over the previous years, is disclosed by statistics compiled by the F. B. Goodrich Rubber company. That concern announces a total of 10,524,395 autos and trucks in the United States, or an increase of 1,229,023 over 1920.

Only Georgia, Montana, Oklahoma, South Carolina, South Dakota and Virginia showed a decrease of registrations in 1921 as compared with the previous year.

The statistics are of interest because they point to continued activity in the automobile industry and prove that it is one of the growing industries. They also demonstrate rather conclusively that no matter the condition of finances, motor vehicles will be purchased—in effect a recognition that they have become an indispensable factor in business life as well as that of pleasure.

It is conceded by authorities that one-third of the cars in use are owned by farmers. The company points out that despite the fact that the six large agricultural states showed a decrease, the industry forced ahead with more than a million cars registered for last year over the previous year.

The reverse happened in Kansas, Nebraska and Iowa, where the agricultural depression was the most acute. The number of registrations increased.

Few Sent to Scrap Heap
Another condition developed by the investigation is the disclosure that not more than 400,000 cars were sent to the scrap heap in 1921. It was predicted early in the year that 600,000 to 1,000,000 would be turned into junk. It evidences that cars are giving longer service, and that the average life is six years instead of five, which has generally been conceded as the average life of an automobile.

Here are paragraphs from the report that bring out facts that are of interest to motorists:

"New York again leads the field with 816,010 cars and trucks, an increase of 123,836, the largest made in any state over the previous year. Ohio is second with 726,790, a gain of 108,790 over 1920. Pennsylvania clings to third place with 689,589, while Illinois is close on its heels with 670,434.

The largest percentage gain was made by West Virginia, where an increase of 38.1 per cent is recorded over 1920. California and Florida reflect the popularity of their climate and roads with respective gains of

(Continued on Page Eight)

HARK, MR. MOTORIST! HURRY, IF YOU STILL LACK 1922 LICENSE

Next Saturday is the last day upon which motorists may file application for 1922 licenses without paying a penalty of 25 per cent, according to a statement issued at Sacramento by Charles J. Chenu, superintendent of the motor vehicle department. Chenu states that there are 50,000 motorists in the state who have not made application.

The state law requires that application be made on or before February 1. That means that all machines operated now under the 1921 licenses are being so operated in violation of the law. However, a period of grace was granted, and the penalty will not be levied until March 3.

STATE LICENSE FEE IS NOT SUBJECT TO INCOME TAX RULING

Motorists paying income tax may deduct from their gross returns the amount paid for state license fee, according to Elmer B. Burns, deputy collector for Orange county. According to Burns, many Orange county motorists have known this and have availed themselves of the privilege of deducting the amount. It is deductible from the gross income and not from the amount that may be due as a tax after all deductions and exemptions have been applied.

The cost of a car or sums paid as fines for violation of traffic regulations are not deductible, Burns advised.

FACTORY OPENS HERE FOR MANUFACTURE OF UNIQUE PISTON RING

A piston ring factory, with facilities for installing the rings and doing general repair work, has been added to the list of Santa Ana industries by V. F. Stein, proprietor of the Liberty garage, 424-426 West Fourth street.

According to Stein, the ring is a distinct innovation. A beveled edge on the oil ring is the first change noted. Inside of the ring, between it and the cylinder, is a steel spring, which keeps the ring hugging the wall of the cylinder at all times. "I have taken old cars which were using a quart of oil every 50 miles," declared Stein, "and after installing these rings I have seen the same car driven from 300 to 500 miles on a quart. We positively guarantee 1000 miles to a gallon of oil."

Stein maintains that increased power and flexibility also result from the installation of his product.

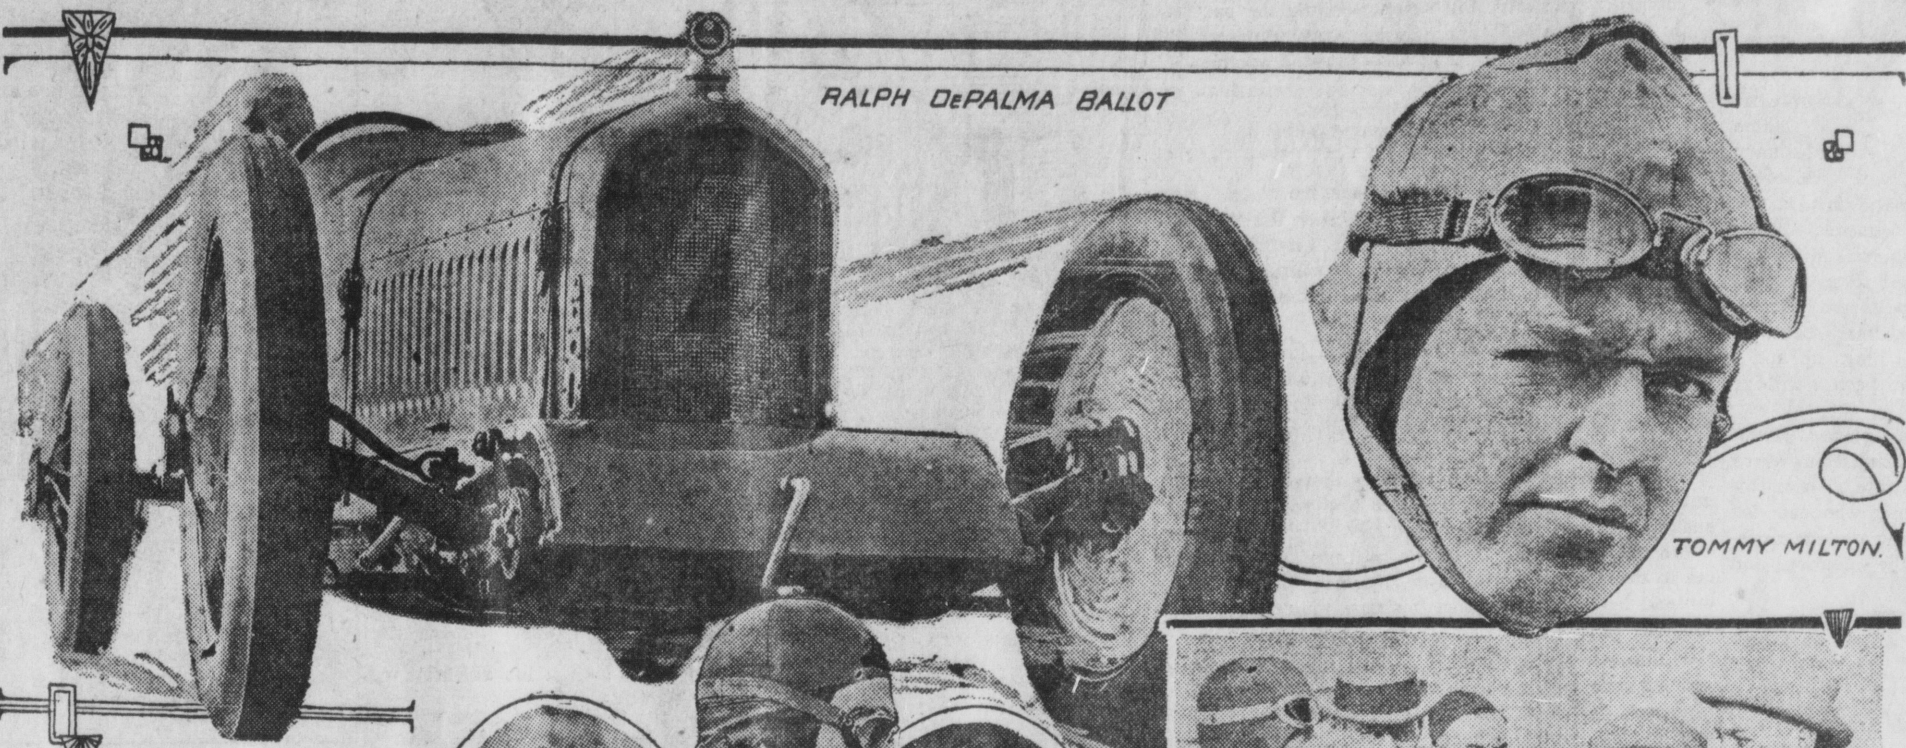

WILLS COMPANY NOT SOLD OUT, IS CLAIM

C. H. Wills, of C. H. Wills and company, manufacturers of Wills St. Claire motor cars, emphatically denies that his company has sold out, according to H. H. Kelly, who is agent here for the product.

Wills says that "when a manufacturer opens his second year of operations with better than \$20,000,000 on his books, and a product that has proven its quality and popularity, he is apt to be pretty well satisfied with his position and look with considerable natural confidence and cheerfulness on the future."

If you want real service in cleaning and pressing, call The Sutorium, 279.

FAMOUS AUTO SPEED DEMONS READY TO DARE DEATH; MAY SET NEW WORLD MARKS IN BEVERLY RACE CLASSIC

RALPH DePALMA BALLOT

TOMMY MILTON.

CHILDREN UNDER 14 UNDER BAN AS DRIVERS

Children under 14 years old will not be granted licenses to operate motor vehicles, under a ruling made this week by Charles J. Chenu, superintendent of the motor vehicle department. The ruling is an arbitrary one and was made, according to Chenu, in the interest of greater protection to motorists. It was made following application of a parent of an 8-year-old boy for an operator's license.

Before deciding, the superintendent took the matter up with Attorney General U. S. Webb. The latter advised, after investigating the statutes on the point, that he could find no law for establishing a minimum age for licensed operator, but approved fully the decision of the superintendent, according to reports from Sacramento.

The law requires that the application of a minor for an operator's license must be signed jointly by the parents of the applicant. Unless Chenu's ruling, however, regardless of whether the applicant is signed by the parents, no one under 14 years of age will be given a license.

NEW POSTMASTER FOR UPLAND
UPLAND, Feb. 25.—L. N. Kirk, well known Upland poultry rancher has received word of his appointment to the postmastership of this city, it was announced here. Kirk received a telegram from Senator Shortridge stating that his appointment had been confirmed by the senate and information of the confirmation forwarded to the post office department.

FORD DISTRIBUTORS AS LINCOLN AGENTS THOUGHT NEXT MOVE

Ford agents throughout the United States will become distributors of the Lincoln automobile, as the result of Henry Ford's connection with the reorganized Lincoln Motor company, according to reports.

Joe Stout, of the firm of Knox and Stout, today declared that his firm had not been definitely advised that Ford agents would handle the Lincoln, but he anticipates a policy of that character under the new arrangement. He said agency plans are now being worked out by Ford and the Leland.

"If Ford agents do become distributors for the higher priced car they will maintain service stations and arrange to handle it in the same manner they would if they had the Lincoln exclusively," said Stout. "The Lincoln car has been established in the past year as one of the greatest automobiles ever built in this country and it seems to be the policy of the Henry Ford plant to further the high standard of the car."

CADILLAC CHIEF IS GREETED BY DEALER GROUP

Otto Haan, of the Cadillac Garage company, was home today from Los Angeles, where as a member of a group of Cadillac dealers, he yesterday helped to greet Herbert E. Rice, president of the Cadillac Motor Car company, who is on the coast visiting the important centers of the state. Rice arrived in Los Angeles Thursday, after attending the automobile show in San Francisco. At Alpine tavern the dealers gave a luncheon in Rice's honor.

According to Haan, Rice, in his talk to the dealers, told of the new Cadillac factory which covers fifty acres and has 2,000,000 square feet of floor space. He pointed out that business has been growing the past four months and that there would be a still greater increase in business during the months to come. That the year 1922 would see the greatest output ever known by the Cadillac Motor Car company, was the prediction of the president.

In his tour of the northern country Rice found that the copper mines were being reopened, the cattle business was greatly improved and the lumber mills were working double shifts. This was resulting in reviving districts where business has not been the best during the past year, he said.

The Cadillac president assured the dealers that the Cadillac Motor Car company fully realized the benefits of a high-class sales organization, and that the officials also realized that there was more money invested in the retail sales end of the automobile business than there was in the manufacturing end.

After a few days in Southern California Rice will return to the factory by way of the Southern states.

Get Sutorium Cleaning and get the best. Call 279. None better.

SEES BUSINESS GOVERNED BY GOLDEN RULE

"The world is growing better and the day is rapidly approaching when the golden rule will govern in business."

Robert Atkinson, manager of the Reid Motor company, so declared today, following his return from the automobile show in San Francisco. Mr. and Mrs. Atkinson drove to the show in their coupe and made a good run to the northern city, going through in one day, approximately sixteen hours, with a good portion of the distance traveled in the rain.

His comment on the approaching era of the golden rule in business was the result of contact with men of affairs in the automobile and business world of the North.

"Service and fair treatment of the public is coming to be the subject that takes precedent in all discussions when live and competent business men assemble," said the manager.

"Clubs such as the Kiwanis, Rotary and Lions, and the organization of business men in various lines of endeavor, are having their influence in this matter. A powerful force is at work in bringing about this principle in business and the time is not far distant when the business man who operates on the principle of 'the public be damned' is going to slip into the classification of a 'has been.'"

Atkinson was deeply impressed with the new Buick roadster now being manufactured. The first model of the new type to be shown on the coast was exhibited at the San Francisco show. It is expected that the roadsters will be available for delivery on the coast early in May, and orders are being booked now by all agents. A number of orders have been placed on the strength of advance photos and descriptions of the new product, according to Atkinson.

HELPS SOME

—LONG BEACH, Feb. 25.—Manager Hewes received a check for \$1,125.89 from the Standard Oil company as the second payment on royalty claim for oil sold from the Ramsey-Municipal well. This covers forty per cent of the output during January. The total production was 8595.40 barrels, and the city's share 3438.16 barrels, which sells at \$1.20. The oil averages about 21.6 gravity. The royalty for December production totaled \$5,269.75.

GLARE PERIL TO BE EASED WITH USE OF TEST STATIONS IN CALIFORNIA

Motor Vehicle Department
Co-Operates With Trades
Body In Movement

EXPERTS TO GIVE TIPS

New Plan Is Expected to
Render Autoists Real
Service

In preparation for rendering a valuable service to the motoring public and eliminating the danger of night driving because of glaring headlights, Herbert O. Davis, secretary of the Orange County Automobile Trades association, today was developing plans for the establishment of official testing stations in Orange county, under direction of the California Automobile Trades association.

The state organization has developed plans for giving the service all over the state by the appointment of competent men to adjust headlights. The state motor vehicle department will co-operate with the trades association.

L. E. Voyer and J. T. Templeton, who have studied the light problem for years, will, under the auspices of the state association, educate the garage men in the proper method of adjusting headlights. The two men have invented headlight adjusting apparatus for use in this work and have perfected a plan of service that is simple and easy to learn.

Expert Service Planned
"Official testing stations will be carefully selected and the men who actually do the work will be educated by illuminating engineers before being allowed to make adjustments," said Davis. "Under this plan the motorist will receive intelligent service at all times through the agency of uniformly equipped stations and will need have no fear that inexperienced mechanics will be experimenting with his lights."

"Certificates will be issued by the official headlight testing stations and will bear the well known wheel and radiator seal of the California Automobile Trades association. On back of the certificate will be a note to the motorist from the state motor vehicle department, to the effect that

Today speed enthusiasts were wondering whether Pietro Bordino, the Italian invader, whose Fiat is rated at ten miles an hour more than the fastest American car, can best the array of Yankee drivers and their steel monsters tomorrow on the Beverly Hills speedway, and win the 250-mile race which was postponed from Washington's birthday.

Of course Pete promises that he can. But there arise Tommy Milton, Art Klein, Jimmy Murphy, Eddie Hearne, Joe Thomas, Eddie Miller, Sapiro and Frank Elliott, American speed maniacs, to dispute him. Today they are disputing verbally; tomorrow they will add authority to their words with action—yes, considerable action.

Even Ralph DePalma, Italian with whom Bordino rode as a mechanic in 1908, expects to trim his brother

Hupmobile

WHAT makes a car owner's satisfaction complete?

Nothing more than the sound, simple elements which stand out so differently, and so distinctly, in the Hupmobile:—

Real economy in daily operation and yearly upkeep; long life; and conspicuously fine performance.

These are the essentials which buyers always seek in a motor car.

They are the things which Hupmobile owners enjoy, and from which they derive the deep-rooted satisfaction which is now regarded as a tangible part of Hupmobile ownership.

COUNTRY SHOWS BIG INCREASE IN MOTOR CARS

(Continued from Page Seven)

19.5 per cent and 24.8 per cent. It is interesting to note that six states account for over one-third of the year's increase in registrations. Illinois, Indiana, Michigan, New York, Ohio and Pennsylvania accomplished this with a combined gain of 573,347 cars. Any one of these states has more cars than the entire European continent. Their aggregate total of 3,781,849 is greater than the total registration of the country in 1916, and greater than the present world registrations excluding the United States.

Nevada is on the bottom rung of the ladder with 10,800 cars. Delaware is only one step above with 21,413. By comparison, these states are not as badly mired as it seems, for either one of them has more cars than the entire Chinese empire.

There was one motor vehicle for every ten people in the country in 1921 as compared with one for 11.8 in 1920. If this average were maintained throughout the world there would be 170,000,000 cars in use. The world registration today is approximately 12,500,000. California and Iowa lead in the number of cars as compared to population with one car for every 5.2 inhabitants. South Dakota has third place with an average of 5.3. Nebraska, the 1920 leader, dropped to fourth place with 5.4 people for each car. Alabama makes the poorest showing in this respect with 28 persons for each automobile. New York with the greatest number of cars has an average of 12.7 people for each one in use. If the leaders' per capita average could be maintained throughout the country we would now have 20,327,000 motor vehicles in use. The saturation point has hardly been reached.

GLARE PERIL TO BE EASED BY TESTS

(Continued from Page Seven)

the department recognizes such certificates as evidence that the headlights on the car have been properly adjusted on the date mentioned. The certificate, however, will not absolve the motorist from keeping his headlights in proper adjustment thereafter.

Police Recognize Tests
"Police officers will recognize the official testing certificates as indicating that the driver has used his best efforts to comply with requirements, but in the event of accident or willful violation of the glare provisions, the certificate will not protect the motorist from arrest. In most instances when a motorist is stopped and his headlights are found to be out of adjustment, if he is in position to show an official certificate the officer will send him to the nearest station to have them righted.

"No one will be allowed to adjust headlights and issue certificates unless he fulfills the requirements of the association manager, Robert Martland, who will have charge of the testing plan.

"The whole plan is primarily for the protection and safety of the motoring public, and every effort will be made not only to eliminate glaring headlights, which have caused numerous fatal accidents within the last few months, but to give the driver a vastly improved illumination."

FAMOUS AUTO SPEED DEMONS ALL READY

(Continued from Page Seven)

countryman, although the Fiat is admittedly faster than the Ballot which DePalma drives.

A number of Santa Ana folk are planning to attend. Many who could not go to the meet last Tuesday, took advantage of the postponement to make plans to attend tomorrow.

ROAD DATA HARD TO GET, CLUB MAN SAYS

"It is almost impossible to keep track of the roads lately," said A. S. Ralph, manager of the Automobile club of Orange county. "With the number of rains and the consequent washouts, a road may be in good condition at morning and closed to traffic by evening.

"I know of one member of the club who went to Downey to spend the evening. He made the trip over by way of Norwalk across the bridge. Three hours later upon his return there was no bridge and he was obliged to make a wide detour.

"With conditions such as these to contend with, it is hard for us to be accurately informed about roads throughout the state. However, we are doing our best, that our members may have accurate information.

"If members finding new conditions on the roads will report them into the club, it will aid us in carrying on our service."

MANY SHOW INTEREST IN NEW CHALMERS CAR

The new Chalmers, which has been on display this week at the garage of Christian Brothers, distributors for the Chalmers and Maxwell, has created the greatest interest and hundreds of motorists have called to inspect the new product, according to the statement today of Frank Christian.

Maxwell deliveries have been made recently to H. G. Trout, Huntington Beach; P. L. Doeke, Charles Dixon, Santa Ana; and Mrs. C. A. Seams, Garden Grove.

Gun and Locksmiths—Hawley's

ASKS PROBATION AS HE PLEADS GUILTY TO FELONY CHARGE

Hearing on an application for probation, made by A. G. Deck, of Huntington Beach, as he entered a plea of guilty to a charge of driving an automobile while under the influence of intoxicating liquor, was set by Superior Judge R. Y. Williams for next Friday, March 3 at 9:30 a. m.

Deck appeared in court to answer to arraignment, in company with his attorney, H. V. Weisel, of Anaheim, appointed by the court to defend him.

Deck was arrested several weeks ago on the Santa Ana-Huntington Beach highway after he had scattered traffic along the route between the two cities.

JEWETT LIGHT CONSIGNMENT IS AWAITED

Boothe and Hulme, 424-426 West Fourth street, agents for the Paige, are awaiting with interest the arrival of the first consignment of Jewett light sixes, manufactured by the Paige Motor company, probably some time next week.

"We are expecting this car to prove a big surprise," declared Joseph Hulme today. "It has a shorter wheelbase than the 6-44 Paige, but it contains exactly the same motor, and has a four-to-one gear ratio, which produces greater speed. Its lighter weight provides quicker acceleration."

Hulme drove one of the sample cars in Los Angeles recently and is enthusiastic concerning the smallest member of the Paige family.

"Although the Jewett will be made entirely in the Paige factories, it will have distinctive lines, and will bear a different name," he continued. "It will have real leather upholstery, and all the fittings that the Paige is noted for, including the long, comfortable springs. Another feature is the ample leg room for the driver and passengers."

The agents are expecting the first consignment about March 1, although it may be delayed a few days.

SALESMAN SAYS REO IS BEST FOR TRAVEL

"Wayne Hearne, well known automotive merchandising counsel, whose order takers into motor car salesmen, has solved the problem of traveling about the United States in genuine comfort," according to H. H. Dale, of Dale and Company, Orange county distributor for Reo automobiles.

Hearne carries his home and family right along wherever he goes, whether it be Portland, Maine, or the thoroughly respectable Paris that is located in Texas.

"The Hearne outfit is a real home mounted on a Reo speed wagon chassis—the choice of all true motor gypsies," says Dale.

"Measuring seventeen feet long and six feet wide, the house itself contains everything necessary for comfort. The furniture is skillfully designed so that tables fold and other pieces dovetail into each other for economy and space.

"The beds are made up at night from the seats in somewhat the same manner that a lower berth takes shape under the deft hands of George the porter. But the Hearne berths are longer, wider and infinitely more restful; besides there is no chance of getting into the other fellow's by mistake.

"The Hearne Speed Wagon caravan contains five lockers including one devoted to Mr. Hearne's dress clothes, a tent to provide extra sleeping space on the roof of the car, a thirty-gallon water tank with air pressure for the shower bath, a writing desk, electric lights throughout, a two-burner stove, fireless cooker, and a phonograph.

"The Hearne outfit is scheduled to be in California at this time, but wherever they may be it is 'home sweet home' for them—thanks to the Speed Wagon."

SELL 10 TRACTORS DURING ONE WEEK

Having unloaded one carload of International Harvest company tractors this week and expecting two carloads due to arrive next week, Elliste and company, county distributors, are setting a record for Orange county in tractor receipts, according to John Thiessenhausen, manager of the Santa Ana branch distributors.

Fourteen machines have been sold since the price was lowered a few weeks ago, and ten of these were sold in the past week, according to the branch manager.

A. H. Vaughan, of Gardena, who is traveling salesman out of the factory branch in Los Angeles, called at the local agency yesterday and declared that the speed with which International are being placed in this county is being duplicated in other sections of Southern California.

Jack Cort, of the local agency, reports the delivery of a three-ton I H C truck to D. E. Liggett and company, lumber dealers, and a five-ton truck to F. D. Pearce, Huntington Beach, for oil field work.

LONG SERVICE IS ENDED
RIVERSIDE, Feb. 25.—After twenty years of service in the accounting department of the city's electric light department, Miss Mabel Foster has resigned her position as cashier. The matter was brought to the attention of the board of public utilities and that body adopted resolutions expressing appreciation for Miss Foster's long and faithful period of service.

ONLY DEFECTIVE TIRES WILL BE REPLACED

Guaranteed mileage on tires is fading—going out of fashion, as it were.

The F. B. Goodrich Rubber company and other manufacturers have adopted a new policy. They announce hereafter only adjustments on tires will be made where defective construction is shown. Speaking of the Goodrich policy, Joe Stout, of Knox and Stout, said today:

"The new policy of the representative tire manufacturers places their product in the same class as that of other motoring units.

"If a man runs his engine without oil, he does not expect some one else to bear the expense. If he carelessly runs into a curb and bends his axle or breaks a wheel he makes no claim for adjustment on the wheel or axle but he will make a claim for adjustment on a tire so abused.

"The new policy works for the good of all. The manufacturer, because it serves as an incentive to make him build better tires; his product must appeal on a basis of service given. The dealer, because it eliminates a source of trouble, places the responsibility in other hands and assures him a greater number of straight sales on which he can make his normal profits. The car owner, because it will make him strive for the real secret of tire economy, the greatest number of miles, and make him more careful of equipment that is most essential to his pleasure and comfort—because it will make him recognize tire quality above the casual inducements that often are employed to attract his attention to a certain tire.

"Not the slightest attempt will be made to evade a just claim. Where the trouble has been due to a defect in manufacture Goodrich will see to it that the car owner receives a satisfactory adjustment. But when a failure has been caused by under inflation, the improper use of rims,

H U D S O N

SUPER-SIX

Again Hudson Proves Its Outstanding Value

Hudson's new low prices affect the comparative value situation—all along the line.

For six years the Super-Six has been the largest selling of the fine cars. Its 110,000 owners know it is the greatest of the moderately priced cars—the lowest in cost of the truly great cars. Its new prices confirm Hudson in this position.

Hudson endurance continues the economy of its first cost. There are no obsolete Super-Sixes. The older models are still in service, performing smoothly, reliably, powerfully. They stay out of the repair shop. They are dependable and enduring.

And you find this economy of cost and upkeep in a car equally well known for its beauty of line and finish. You will be proud of a Hudson. It is one of the admired cars—smooth and easy of operation—luxurious in appointment.

Come see it. Know for yourself its outstanding value.

Five Passenger

Wouldn't You Like to Own It?

The Price Makes it Easy

The Coach has aroused more interest than any Essex type ever shown. It is drawing bigger crowds. It is selling faster. Everyone is talking about it. The reason is easily understood.

Costing but little more than the open models, it gives the luxury, comforts and distinction of the fine enclosed car. Hitherto, such quality, reliability and distinction in closed cars has cost more than most buyers wanted to pay.

For Family and Business Use

The Coach is amply large for family use in city or country. Light and nimble, it also meets the requirements of business and professional men with economy and satisfaction.

It is a delight to drive. It is easy to steer. Controls operate

with unusual ease. It rides with the lulling comfort of a big car. It is easily turned and parked in narrow and crowded spaces.

Operating cost is low. The New Improved Essex chassis requires hardly any attention. The body is built to give long service.

Economy That Endures

To the savings in fuel, oil, tires and upkeep all Essex owners know, the Coach now adds the economy of a fine distinguished closed car, at a price you will like. Best of all it continues these qualities, free from annoyance and maintenance cost. In every way the coach wins the pride of ownership.

Go see the Coach. You are sure to want it. Deliveries are behind now, and you will not want to wait too long for yours.

The Biggest Thing in Our Business is Service

When we say we're here to serve you we mean more than just looking at your battery, putting in a little water and saying goodbye.

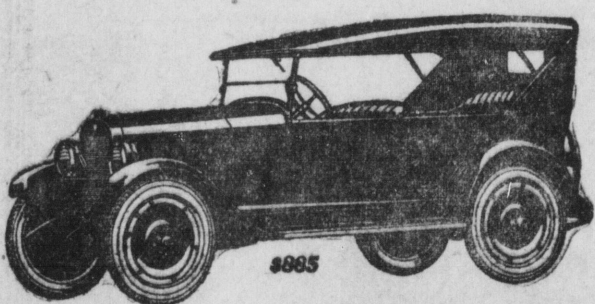

Service, the way we say it, means doing everything we possibly can to see that you get every last mile and fraction of a mile out of that battery. That's our business! Never mind if your battery isn't a Willard. We'll look after it just as faithfully as if it were. We want you to know what service at Battery Headquarters is like!

The Good MAXWELL

THE gear and piston in the rear axle of the New Series of the good Maxwell are made with a care and precision, and of materials, ordinarily found in cars of a much higher price rating.

So carefully are the various parts fitted to each other that continued quiet is made certain.

Such details of better manufacture assure the owner of the good Maxwell lasting satisfaction in his car.

BOND ISSUES AT BEACH O. K.'D BY VOTERS

(Special to The Register)

HUNTINGTON BEACH, Feb. 25—

At the same time that the board of trustees here today began preparing to canvass the vote at yesterday's bond election, civic boosters were jubilant over the prospect of an early beginning on three of the four municipal projects made possible through the issues having been approved. The proposal to extend the pier lost by 11 votes.

The result of the vote follows:
City hall: 433 to 78; fire equipment, 458 to 53; pier extension, 348 to 144; and auditorium, 374 to 124.

The city hall, which will cost approximately \$60,000, will be built on the city-owned block between Sixth and Fifth streets, and Olive and Orange streets.

A site for the auditorium has not been selected. The building, which will seat 3000 persons, will be erected primarily to provide a place for the Civil War veterans to hold their annual meetings, it was stated.

Both the auditorium and the city hall have been designed in the mission style of architecture.

NAMES COMMITTEES FOR JOHNSON CLUB

Committees to further the work of the Hiram Johnson-for-Senator club were announced today by D. Eymann Huff, president of the club.

The club was organized as a county club last week. The president was authorized to name the committees. Committee appointments follow:

By-laws—J. P. Baumgartner, Santa Ana, chairman; Z. B. West, A. P. Nelson, Clyde Bishop, J. C. Metzger, all of Santa Ana; R. E. Larter, Westminster; H. G. Upham, Orange; A. S. Bradford, Placentia.

Finance—N. T. Edwards, Orange; chairman; J. N. Anderson, A. J. Crookshank, both of Santa Ana; H. H. Wallace, Newport Beach; J. M. Woodworth, Garden Grove; R. L. Obarr, Huntington Beach; M. El-tiste, Orange.

Executive—R. Y. Williams, Santa Ana, chairman; L. A. West, J. A. Cranston, Maurice Enderle, Santa Ana; K. E. Watson, Willard Smith, Orange; Dr. J. D. Thomas, Olive; W. P. Webb, T. L. McFadden, Anaheim.

Membership—Dr. R. A. Cushman, Santa Ana, chairman; W. C. Jerome, T. E. Stephenson, E. B. Collier, C. D. Swanner, Santa Ana; W. O. Hart, C. W. Post, P. A. Grote, Orange; J. P. Greeley, Balboa; William Schmacker, Buena Park; H. A. Wassum, Tustin.

TALBERT

TALBERT, Feb. 25.—Ed Robertson, son and son-in-law, who are partners in an extensive chicken ranch on the Mosher place have purchased several lots of young chickens of 500 each and are continuing to build brooders, pens and houses for their accommodation. A new corn cracker, which is run by a gasoline engine, has just been purchased for use in grinding feed.

L. T. Wells recommended lathing on one of his Huntington Beach houses which are under construction the first of the week.

L. T. Wells butchered a fat hog on Monday for home use.

Mrs. George Bushard is on the sick list.

Lavaughn and Lewis Wells were visitors at the Fountain Valley school Monday of this week.

George Bushard was a business visitor in Los Angeles Tuesday of this week.

Men and teams were laid off from work on the south break of the river the first of the week on account of the rains.

More men were added to the river crew when the report of another flood being on the way from the mountains was received and all possible was done to reinforce the approach to the bridge which was recently washed out and made impassable, in the hope that the road may be kept open to traffic.

Some of the crossroads in the vicinity of the river are now almost impassable, the silt washed in from the river and the heavy rains making almost an insurmountable condition. Ranchers along the way are kept busy with their teams rescuing autoists from the mud holes.

Mrs. Doyle, who is convalescing from a recent severe illness at the Pryor home, is greatly improved and is now able to be up and around.

Mr. and Mrs. Louis Jacober, of Imperial, arrived Saturday at the Jacob Cozina home where they will spend the remainder of the winter.

Mr. and Mrs. Jacober are son-in-law and daughter of Mr. and Mrs. Kozina.

Earl Jesse returned Monday to the Santa Ana high school to resume his studies following an enforced absence due to illness.

Miss Vera Bushard has been ill since Sunday but was somewhat improved at latest report.

Harvey Warner became ill with the flu last Monday evening and was reported as very sick Tuesday morning.

Mrs. Warner, who has been at Huntington Beach caring for Mr. and Mrs. Irvin Warner and family, who are ill with the flu, returned home when her husband became ill.

Return Home.

The Samuel Gleser family who have been at the Robert Glaser home since the time of the last flood when they were driven from their home by the high water, returned the latter part of the week, a part of the family going Thursday and the remainder on Saturday.

Mrs. Mary Hoffman, who was taken to the Community hospital the past week quite ill with stomach trouble, was gradually improving at the last report of her condition.

Mrs. Dave Jesse spent from Friday until Sunday in Santa Ana, assisting in the care of her son, Will Jesse, who has a severe attack of influenza. He continues to improve.

KNIGHTS OF COLUMBUS PREPARED FOR DEGREE ACTIVITIES TOMORROW

Knights of Columbus of Santa Ana and other sections of Orange county today were making preparations for participating in activities of the order at Anaheim tomorrow afternoon, when the third degree will be conferred upon fifty members of councils, in Santa Ana, Anaheim, Pomona, and Ontario.

The degree work will be exemplified in the K. C. hall at Anaheim starting at 1:30 p. m. with a banquet following at 6 p. m. at the Anaheim union high school.

Women accompanying the candidates and visitors will be entertained from 1:30 to 6 p. m. by a reception committee composed of prominent women of Anaheim. Men prominent in K. C. work in the Southland will speak at the banquet.

Members and candidates from Santa Ana council will meet at K. C. hall here at 9 a. m. tomorrow to go to Anaheim in a body and attend mass at 10 a. m.

SEES GREAT FUTURE HERE, OPENS STORE

A. B. Spencer, a resident of Santa Ana for the past six months, today opened a new store at 106 West Fourth street, to be known as "The Fashion." A complete new stock of the latest creations in women's wearing apparel has been placed on the shelves of the new store. Millinery also will be carried by Spencer.

The proprietor was formerly engaged in the same line of business in New York, having been associated with this line for the past fifteen years.

"My residence in this city for six months has convinced me that Santa Ana has a great future and that the development here in the next few years will place the city in the rank of the largest in the Southland," said Spencer. "I am more than pleased that opportunity has presented a business opening for me and it is my intention to create a permanent place for my business and myself in this prosperous community."

"I am impressed with the splendid citizenship here and the attitude of the general public toward home institutions. The spirit of co-operation among business men and others is one that is certain to push Santa Ana to the front more rapidly than ever and make the city the ideal home location."

FIND CRUDE OIL IN STOLEN AUTO MOTOR

With one door knocked off, its lock jammed and its oil chamber filled with crude oil, a Ford coupe stolen from Boyd Munger, 1841 West Fourth street, had been recovered by the police today.

The car which belongs to Gilbert Kraemer, of Placentia, Munger's father-in-law, was taken from in front of the Yost theater here at 8:30 p. m. yesterday. It was found at 11:30 p. m. at Third and Lacy streets.

Inspecting the car, City Marshal Sam Jernigan noted a pool of oil beneath it. Closer investigation revealed that it was crude oil that had dripped from the crank case and the exterior of the motor. Taking care not to turn the motor over, thus giving circulation to the crude oil, he had the car towed to a filling station, where it was drained of the oil and refilled with proper lubricant.

"It used to be a playful habit of some fellows to take cars that way and fill them with crude oil, mixed with emery dust, that damaged the bearings," Jernigan said. "This looked like it might be such a case."

COUNTY TO PURCHASE \$8000 STEAM SHOVEL

A \$9,000 steam shovel that will pay for itself in three years is to be purchased by Orange county, it was learned today.

The highway department desires the shovel, the board of supervisors has authorized its purchase, and County Purchasing Agent F. W. Slabaugh is arranging to get it.

Hitherto when the county has needed the use of a steam shovel it has rented one or let the job to contract. County Engineer J. L. McBride believes the county ought to own this humanized piece of equipment, and he has figured out that with the large amount of work there is on hand for a steam shovel to do, the steam shovel will pay for itself at the rate of \$250 a month.

The machine will be put to work first in clearing away slides and in trimming banks of the Santa Ana canyon road. It will then be put to work at one of the gravel pits of the county, and will be used in road building and other jobs that may arise.

The arm of the steam shovel will swing in a forty-foot circle.

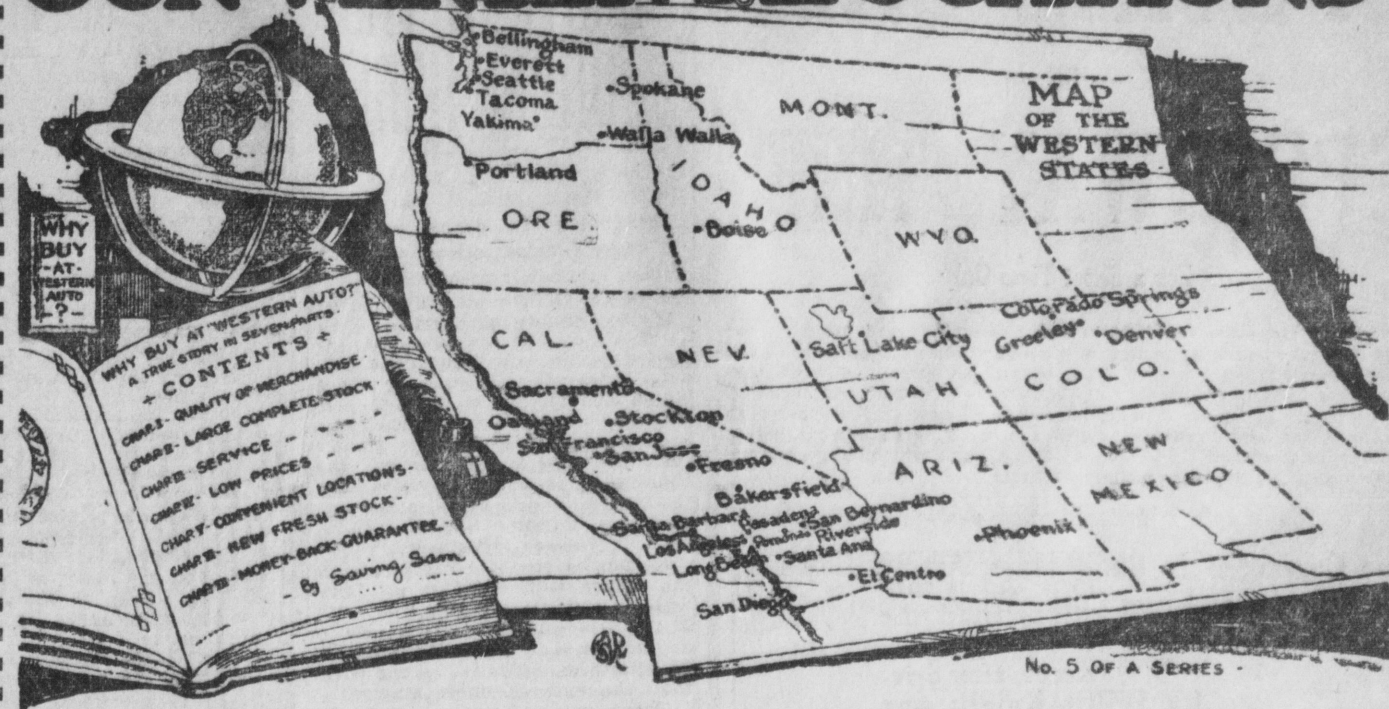

RUTH AN OIL MAGNATE
HOT SPRINGS, Ark., Feb. 25.—While the Yanks here are forced into idleness by bad weather, Babe Ruth listens to offers to become a business king. A Texas oil prospector wants to organize a "Babe Ruth Oil company" that will "make them both a fortune."

CONVENIENT LOCATIONS.

In every larger western city "Western Auto" has one or more completely stocked auto supply branch stores. At nearly every turn of the road "Saving Sam," the quaint little trade-character of The Western Auto Supply Company, points out the nearest road to the leading auto supply and accessory store in that locality—"Western Auto."

In addition to having conveniently located branch stores in convenient cities throughout the West, "Western Auto" also maintains a highly specialized mail order department which is fully equipped to promptly and efficiently handle all orders, large or small. The new 1922 catalog is now issued. If you did not receive your copy—write for it.

Headquarters for Wrenches, Tools, Etc.

At Western Auto you will find repair tools of all kinds—wrenches particularly are shown in all shapes and sizes; designed to accommodate any adjustment necessary on your car. "Utility" Ford wrenches, adjustable "B" wrenches, genuine Stillson wrenches—all are handy, if not a necessary article of equipment for any car or repair shop.

Stop Signals
Eliminate all danger of rear-end collisions by installing one of these. Very practical of design. They are automatic, working with the brake, and are thoroughly reliable. The switch is furnished for one year. There are many types and quality stop-signals in the market, but this one makes a particularly good buy at \$2.25.

Stromberg Carburetors
This is what a Stromberg carburetor gives to your car:
Greater speed, more power, better "pick-up" and saves gas at the same time.
The new Stromberg pays for itself in developing more power in your motor while actually using 1/4 less gasoline.

Every few thousand miles you drive with the old carburetor you pay out in lost gas and power the price of a new carburetor—but you don't get it. The Stromberg is an investment that will pay dividends.

Complete for Ford Cars\$16.95
SPEEDSTER BODIES
If you are thinking of making a "Speedster" of your Ford, stop in at Western Auto before you pay a big price for coach-work and see the several fascinating and sporty types of bodies carried in stock.

"National Sport Raceabout" body illustrated here is complete with top and wind-shield—ready to put on—fits, without any alterations, any Ford Chassis.

WILL FORM NEW EASTERN STAR ORDER HERE

The new Santa Ana chapter of the Order of the Eastern Star will be instituted on the evening of March 8, under a dispensation granted by Delos A. Mace, grand patron, James T. Carter, worthy patron of the new chapter, announced today.

The grand patron has asked the privilege of personally instituting the chapter and wrote here indicating two dates that would be acceptable to him. Carter today advised him that Wednesday evening, March 8, would be satisfactory to the local members.

Mace will be accompanied south by grand officers residing in the northern part of the state, will be joined by those in the southern part in Los Angeles and all will come here for the installation.

Charter members of the new organization feel highly complimented by the decision of the grand patron to come here and bring his staff for institution of the new organization, as usually that work is delegated to a district deputy.

March 8 is the regular meeting date of the commandery and the commander volunteered to set aside the meeting in order that the new chapter institution might take place on that date.

While plans have not been fully developed it is expected that the coming of the grand officers will be the occasion for a banquet at St. Ann's Inn.

A charter cannot be granted or a number assigned until the meeting of the grand chapter, which will be held at Coronado in October. Until that time the chapter will operate under the dispensation.

TARKINGTON COMEDY HAILED AS SUCCESS

Had Booth Tarkington sat with the large audience at the high school auditorium last night he would have had no excuse for not joining in the applause given the junior class students who were presenting his sparkling comedy, "Clarence."

Those who witnessed the production, and there were a great many, united only in praise today for the director, Ernest Crozier Phillips, and his corps of youthful actors and actresses.

It is safe to say that "Clarence" and his confederates were perhaps more truthfully portrayed than they are on the legitimate in many of the complications that grow up in the comedy, not to speak of the "pep," vigor and speed of the characters.

It takes youth to imitate youth because they aren't really any imitating to be done, one spectator pointed out. In the words of some of the high school students "Clarence" got over heavy.

Harris Cloyes, as Clarence, and Aileen Shipp, as Cora, may be safely hailed as the stars of the evening without detracting in the least from the merits of the rest of the cast. Possibly they got their parts over better because they were imitating youth. At any rate, their work was marked by polish that is seldom seen in young men and women of the junior class age.

Louise Parks, playing the more reserved Violet Pinney, is deserving of considerable praise. She did not have the opportunity to display as much zest as some of the others but her part was admirably portrayed, nevertheless.

Of the more minor characterizations, Maxine Wilson as Mrs. Wheeler carried her part through with unusual technique.

The others in the cast all did more than creditable work. In fact, many who saw the play termed it the best play in the history of the local high school.

MAN SUED BY WIFE DENIES MAKING ROW

Walter Hicks, who was today under order of the superior court to pay his wife \$100 attorney fees, \$20 costs of divorce suit, and \$20 per month for support of their daughter, denies that he ever disturbed the child by calling to visit her after bedtime at the home of Mrs. Hicks' mother, where the wife and daughter are making their home.

This denial was made late yesterday in Superior Judge R. Y. Williams' court, where his suit for divorce and her cross-complaint are now pending. Hicks had been ordered into court to show cause why he should not be required to provide monthly payments for support of the child. Previously the court had ordered him to give 24 hours' notice of contemplated visits to the child and also restricted such visits to daylight hours, the wife having complained that he called after the child had gone to bed and that he had created a disturbance.

Hicks stated that he had only made one such call and on that occasion he left without disturbing the child. Judge Williams yesterday set the trial of the divorce action for May 31 at 10 a. m.

ARREST HOBBO SAID TO 'SNORT LIKE ANIMAL'

Said to have been frightening women by his queer actions, a tramp arrested by the police in the 1100 block on West Chestnut continued his queer behavior today in jail. Refusing to give his name or to talk, other than to say that every time he did talk he got into jail, the hobbo was held on a vagrancy charge.

Officer Jesse Elliott, who arrested him, declared that the man would only "snort like an animal" when addressed.

CRASH CASE APPEAL TO HIGH COURT SEEN AS DOCUMENT FILED

A bill of exceptions to a recent jury verdict, awarding a sum in excess of \$3,000 to Mr. and Mrs. H. A. Warner as damages from C. J. Crosby, state line owner, was on file today in the superior court, forecasting an appeal of the case to the state supreme court.

Crosby, with Mr. and Mrs. R. L. Tedford, of Santa Ana, was defendant in an action brought by the Warners on account of injuries received by Mrs. Warner while a passenger on the Crosby stage between Santa Ana and Huntington Beach. The stage collided with a car driven by Mrs. Tedford and upset. The Warners sued both drivers, charging both with negligence.

The Tedfords, represented by Attorneys Head and Rutan, were released as defendants by the court, on their motion for non-suit.

The Warners, represented by Attorneys L. A. West and W. F. Menon, were awarded their damage claim against Crosby, who was defended by Attorney Joe Crider Jr. of Los Angeles, and S. M. Davis, of Santa Ana.

MEN'S CLASS MEET MAY SET NEW MARK

Interest in the appearance here tomorrow of the "fastest man on earth" today indicated a record attendance at the meeting of the Men's Bible class tomorrow morning at 9:30 o'clock at the West End theater, when Charles Paddock, of Pasadena, the world's champion short distance runner, will deliver an address.

John Spangler, who won honors as a sprinter when attending the Santa Ana high school, and who has been "carrying on" since entering Occidental, will not be present tomorrow, according to the statement today of his mother, Mrs. George Spangler. Young Spangler is recovering from an attack of influenza. He was able to be down town a few minutes today, but has not recovered his strength sufficiently to make an address tomorrow.

Special efforts have been made this week to make the number present next Sunday greater than that last Sunday, when 595 men attended. Fullerton is sixty-three points in the lead in the contest between the Bible classes of the two cities, and the leaders in the local class are expecting to reverse the position of the two clubs tomorrow.

In anticipation of the West End theater being too small to accommodate the throng that will desire to hear Paddock, provision has been made for roping off a section of street adjoining the theater, for an open air meeting, if it is necessary.

FULLERTON

FULLERTON, Feb. 25.—The Frisella Embroidery club met with Mrs. Lew Ames at her home on East Orangewood avenue for a jolly afternoon of sewing and chatting. Later there was a delicious luncheon served.

Those present were: Mesdames E. T. Hall, S. T. Wood, Boeger, Joe Brown, A. H. Sliton, R. S. Gregory, J. T. Hill, T. Kimbler, L. Gardiner, McAlvey of Anaheim, Louis Blybach and the hostess, Mrs. Lew Ames, and her house guest, Mrs. Lamb.

There was a meeting of the home economic section of the Elbell club at the Odd Fellows' hall yesterday at 2 o'clock. Miss Elma Carlson was the speaker of the afternoon. The reception committee included Mrs. Harry Williams and Mrs. James Gree. The refreshment committee members were:

Mrs. O. H. Culmer, Mrs. James McClusky, Mrs. B. D. Smiley, Mrs. Ida Funk and Mrs. A. H. Dunlap.

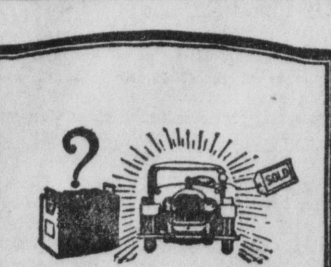

G. W. Sherwood is confined to his home with a severe cold. Frank Madero and family and W. J. Porr were visitors at the orange show yesterday in San Bernardino. This was their first visit to the orange show, and they enjoyed it very much. They were especially interested in the industrial tent, where so many things of interest are on exhibit.

H. D. Coon left Tuesday morning for Turlock, California, to attend to some business connected with his recently purchased ranch.

Mrs. Albert Launer has been ill for the past two days with a severe cold and has been confined to the house.

O. B. Evans and his son, Otto Evans, are both confined to their homes on account of an attack of the "flu." Mrs. Evans is taking care of the store during her husband's illness.

Mr. and Mrs. Ralph Brown have had guests from St. Paul, Minnesota, for a few days.

Even new batteries need expert care and attention. Some minor adjustment now may save the price of a new battery later. We test ALL MAKES free. Repairs at lowest prices.

NEW REPUBLIC OF POLAND IS ON FIRM BASE

Little Country Has Become Self-Supporting—Alied Experts Report

WARSAW, Feb. 25.—Poland is gradually making her place in the world as a self-supporting nation, according to recent reports of Alied experts in economics.

Within the last few months the new republic has made rapid strides toward straightening many difficulties, in the opinion of the students of economics, one of the principal factors assisting in a balance in Poland's favor being liquidation of the Upper Silesian matter which had been hanging fire for nearly three years, the settlement giving the Poles their own coal and from 10,000,000 to 13,000,000 tons annually for export.

The population 30,000,000 approximately 30,000,000.

While the American Relief administration continues to feed some 500,000 children in the devastated areas and some of the crowded industrial centers it is planned to abandon this work altogether in the spring, as, with good crops another season, the experts believe the government and the people will be able to get along without outside help.

The necessity of buying foreign exchange for foodstuffs, a situation which Poland faced from the beginning, has almost passed and agriculturalists estimate that, with few exceptions the country's own products will meet the requirements. This is expected to relieve the constant drain upon the government treasury which brought flour and other necessities from America and elsewhere and sold them at a loss to the people.

Emergency Tax To assist in meeting current expenses an emergency tax legislation has been enacted by the Diet, from which a return of something like \$6,000,000,000 marks is expected. The regular tax assessment has been readjusted with the aim of bringing in a return which will offset the present depreciated value of the Polish mark and the increased cost of government.

Lodz, the largest industrial center of the young republic, the cotton mills are operating at about 50 per cent of pre-war capacity and the woolen mills at about 25 per cent. Some of the Lodz textiles are exported to Russia over the Ukrainian frontier.

Raw cotton for the Lodz spindles is one of the principal commodities which the Poles are compelled to buy from the outside, this necessitating purchase of foreign exchange with Polish marks as low as 3,000 to the dollar.

HARPERVILLE

By F. P. ROSSELOT HARPERVILLE, Feb. 25.—The results of the frosts in this section are now apparent and the latest inspections show that save a few lemons that were injured the frost has not injured the oranges to any extent worthy of mention.

Dr. Schroder was in Los Angeles last Wednesday, where he is taking special treatments. It will be welcome information to his many friends to learn that he is recovering nicely, though the process is not as rapid as all would hope. The Rollin R. Rosselet reports the arrival of two new bosses, and plenty of fresh milk for ice cream and other household purposes. Master Frank Frederick is also happy and smiles when nice, rich pails of milk are brought into the house. That boy knows just what sweet milk is intended to be used for.

Frank Hansen is now in Los Angeles, having affiliated with a newly-formed realty firm. Hannin is the office man and the tract of newly-divided real estate is moving rapidly, he says.

Sam Weaver is a busy man buying fruit trees and planting them. Sam has also finished his water tank and has the only concrete elevated water tank in this vicinity. He proposes to build one for an overflow and irrigating purposes nearer the ground. He has also nearly completed a new garage and the Weaver ranch looks almost like a new town. Sam's record as a builder and improver is hard to match and every day sees changes on his fine ranch.

Hugh Tyler has all ready for planting to oranges his 20 acres of land. The whole 20 acres is now staked and ready for digging the holes into which the trees will be placed. Tyler bought his trees early in the season and is not worried by the prices that prevail since the cold weather, but is all ready for planting.

Marketing Potatoes

Sweet potato growers of this section are uncovering their potatoes, and trucks are busy moving them to market. Tom Plant's ranch as well as Hugh Tyler's ranch has large quantities of the sweet tubers now being marketed.

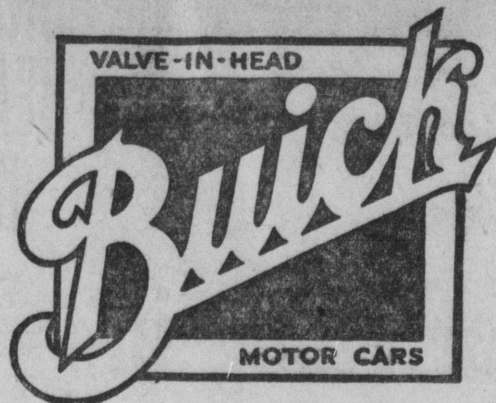

Nathaniel Christensen is now sufficiently recovered from her recent serious illness to be out. She was ill for several weeks and her friends are glad to know she is permitted to go out of doors again.

Billy Young has been about Harperville recently. Billy is Tom Plant's assistant in his medicine and other sales. Billy knows about every ranch from Harperville to San Diego and never fails to lead Tom to where a sale is awaiting, it is declared.

Nathaniel Harmon has not yet put away his "Pizzelle" for the season for the crack of that faithful friend may be heard daily, as Harmon sees to it that the jack rabbits of Harperville do not become so numerous as to be a menace to the young fruit trees and other growing plants.

The Harperville road leading to Orange has improved some, thanks to the heavy rains. For a time it was all but impassable, but recently the road workers passed over it with a drag and it is now passable.

The citrus growers of Harperville are waiting patiently the coming of

More Facts You Should Know!

- 1 For the calendar year, January 1, 1921, to January 1, 1922, Buick built and actually sold over 80,000 automobiles.
- 2 These sales for the calendar year 1921 exceeded by over 12,000 cars the sales of any automobile manufacturer having a six-cylinder automobile in its line.
- 3 These sales for this period likewise represent a volume of business greater by over \$9,000,000 than the sales of any other automobile manufacturer excluding Ford.
- 4 These figures are taken from official reports and are absolutely reliable.

the Citrus association banquet to be held in Garden Grove.

A letter of invitation to every grower who is a member of the Garden Grove association has been received, containing a check for a rebate for the year 1921, and this, added to the coming banquet, has caused the growers to wear a smile. The last meeting of the "I Will Arise Ladies' club" of Harperville held its last meeting at the home of Mrs. Sam Weaver. The meeting

was well attended and a most enjoyable time is reported.

The next meeting of the club will be held next Wednesday at the home of Mrs. Amos. It goes without saying that the meeting will be another success. The Amos home is noted for its genial hospitality and the senator is at his best and happiest when entertaining his friends.

Mrs. P. F. Rosselet is awaiting with interest the coming of her sister, Mrs. Kitty Boyd, who is now on

her way from Pittsburgh, Pa. Mrs. Boyd will make a visit of some weeks with her sister, and, needless to say, the meeting of the sisters as well as the visit will be a happy one.

BIG STORIES NEEDED

Everything is Ready for Picture Production Except the Scenarios

BY FRANCES DEANER

Are motion picture authors loafing on their jobs?

Haven't you asked yourself this question after seeing your favorite screen player struggling with a character in some absurd vehicle?

Have you ever given a thought to the heroic efforts your favorite director must have made from time to time with self-like continuities based on erratic scenarios?

Picture production is now engaged in cracking the hardest nut encountered in the whole course of its career and producers are inclined to place the final emphasis on the current cumulative charge in film that authors writing for the screen are responsible for the apparent steadily declining output of genuinely good pictures.

For several months past many well-known producers have been appealing to writers of fiction of recognized ability to come to the rescue of the silver sheet, and, incidentally, earn the large rewards that await the successful application of their genius to the picture medium.

Element Lacking

In the meanwhile—Only one element is lacking in the making of good pictures—and that is the most vital of all—stories.

Our Southland studios are active with the work of preparing to make better pictures—pictures that will measure up to the inexorable law of the survival of the fittest, and this means the survival of the fittest story.

But where are the stories?

Night is falling on the day of the nearly-good picture. The sun is about to shine on the exclusively first-class picture. And the first-

class picture is dependent positively and beyond question upon the first-class story. Bow our heads we must to the story.

And so I ask—Are motion picture authors loafing on their jobs?

Book publishers and producers of plays for the spoken stage have never held out to authors anything like the inducements offered by the films.

In talking to Gibson Willets, production manager for Pathe, recently he said:

"At a time when we most need them, the authors fail us. Every other unit of production and distribution is at its highest point of efficiency. There are directors with big visions, stars with big popularity, supporting casts with big training, detail with big accuracy and sets with big art—a magnificent superstructure suspended in midair owing to the lack of a necessary foundation of big stories."

Night-and-day Search

"The principal work of all who have to do with production on the Pacific Coast, as on the Atlantic, is the incessant, eager, night-and-day hunt for stories. In the 12 years of the existence of the motion picture as a literary-art medium, virtually all of the big stories in the print of every written language have been pictured."

"This is not as extraordinary as it may appear at first, as much of the literature of the past has not concentrated on the story, and often when it has contained a story, it has not been of a character lending itself readily to pictorialization."

Willets believes the increasing volume of modern fiction, especially in short story form, has remained deficient in themes sufficiently compelling and in motives for human action sufficiently powerful to be translated into a big picture. And those, we might add, are the fatal deficiencies

ELLIS RHODES, Director of "The Pirates of Penzance," the comic opera to be staged at the Santa Ana high school auditorium next Tuesday and Wednesday nights under the auspices of the Orange county Choral union.

of a large proportion of the stories written directly for the silver screen.

Where Hope Lies

"Our only remaining hope," said Willets, "lies in establishing authors who will set to work earnestly, master the picture medium and give the best that is in them. All this we confess to them—openly—with money in our hands. And then what happens? Nine times out of ten—nothing. At least, nothing of the bigness which their proven gifts and their reputations warrant us in anticipating. Either their work is done perfunctorily, on the theory that it is 'hack work' or they have failed to master the picture medium."

"What's the result? A scenario with no compelling theme, no adequate motivation, and the senseless activity of a set of characters, who have no more reality than the occupants of a madhouse."

He admits, of course, does the Pathe man that there are exceptions to prove the rule, but he is frank to declare they are not sufficiently numerous or sufficiently productive to meet the demand for big, worth while scenarios. The rank and file, he says, are full of academic objections—"all of the big stories have been told over and over again"—"such a thing as an original story hasn't appeared in 500 years"—"you are attempting the impossible with your reckless, wholesale, production, considering there are only seven motives of human action and barely twenty-two possible dramatic situations" and so on through a long list—we've all heard them many times.

Big Adventure

"When they tell me things like that," reflected Willets, "I tell them there are only twenty-six letters in the alphabet, and exactly ten numbers are employed in arithmetic."

"Times change. Manners change. Points of view change, and so do human problems of interest to everyone. The truth is, there is a general reluctance among authors, who have arrived to absorb and make the picture medium their own, the same as they have conquered with their pens, or perhaps, I should say with their typewriters. Gradually, they may be expected to do this—but, in the meantime, to find a big story is an adventure almost as unpromising as that of Jason on his search for the Golden Fleece."

WESTERN MELODRAMA COMING TO WEST END

The West End theater announces "The Killer" as the feature on the program for next Friday and Saturday. It is a Benjamin B. Hampton-Pathe production adapted from Stewart Edward White's newest and most fascinating novel, "The Killer."

As a novel, "The Killer" attracted much comment and interest because of the power of the story, the unique and daring central figure, and the virility of the plot. And all the attention it attracted as a book will be transferred two-fold to its screen version, which offers a melodrama probably never before equaled on the silver screen, it is said.

ELAINE HAMMERSTEIN IN FEATURE WITH VAUDEVILLE

A story that abounds with romance action and human interest is promised in "Handcuffs or Kisses," a new Selznick picture starring Elaine Hammerstein, which is the film feature with the Meiklejohn and Dunn vaudeville road show at the Yost next Monday.

"Handcuffs or Kisses" was written by Thomas Edgewood and appeared first in story form in "Young's Magazine" and is said to be an ideal vehicle for the popular Selznick star.

The story tells of the hardships endured by a young girl while "doing time" in a large reformatory. There is a big riot scene in which the inmates overpower the guards and flee the institution and there are many portrayals of the brutal punishments unnecessarily applied to the inmates who are committed there—many of them unjustly.

"MISS LULU BETT" TO APPEAR ON YOST SCREEN

"Miss Lulu Bett," Zona Gale's prize play based upon her own novel, which was produced with big success in the East, has been pictured for Paramount by William de Mille and it will be the feature at the Yost theater next Wednesday. Clara Beranger adapted the play and novel for the screen.

The title role is played by Lois Wilson and others in the cast include Milton Sills, Theodore Roberts, Helen Ferguson, Mabel Van Buren, May Girard and Clarence Burton.

Elsie Ferguson and Wallace Reid in a scene from "Forever" due at the West End tomorrow.

"Forever" is based on Du Maurier's novel, "Peter Ibbetson."

Doris Kenyon and Thomas Meighan in a scene from "The Conquest of Canaan" to be screened at the Temple tomorrow.

"JUST AROUND THE CORNER" IS A FANNIE HURST STORY

Following the great success made by "Humoresque" comes another screen epic of the East Side of New York in "Just Around the Corner."

Fannie Hurst, who wrote "Humoresque" also wrote the story of "Just Around the Corner," which was published by Harper and Brothers, New York, in Miss Hurst's first collection of short stories.

Frances Marion wrote the scenario and directed "Just Around the Corner" which will be seen at the Temple theater next Wednesday.

ULTRA-MODERN GIRL ANALYZED IN FILM

The modern girl, half woman, half devil, all angel, is analyzed in "Short Skirts," Gladys Walton's newest Universal photodrama which is to be shown for the first time locally at the Princess theater tomorrow.

The story concerns a seventeen-year-old girl who hates the idea of being a little girl and gets herself, and her family, into an amazing series of difficulties from which she is extricated only after a big dramatic climax.

TEMPLE 3 DAYS STARTING TOMORROW.

MATINEE SUNDAY, TUESDAY

THOMAS MEIGHAN in "The Conquest of Canaan"

NEWS — SCENIC — COMEDY

WEST END THEATRE TONIGHT

ALSO Charles RAY in "ONE STORMY NIGHT" AND "MUTT AND JEFF IN LONG LIV' THE KING"

Five Days Starting Tomorrow

THE GREATEST LOVE STORY THE SCREEN HAS EVER KNOWN

THOMAS MEIGHAN AT THE TEMPLE TOMORROW

In "The Conquest of Canaan," Parson's pictorialization of Booth Tarkington's celebrated novel of that name, which will be shown at the Temple theater beginning tomorrow.

Thomas Meighan, the star, has an opportunity for some of the best work of his motion picture career.

As "Joe London" Meighan plays the part of the ostracized youth—a member of the so-called "other half" in Canaan, a typical Middle Western town with its provincial likes and dislikes and its "society."

He loves Ariel Tabor, who also belongs to the same strata of unrespectables, but life for them is a burden.

Ariel's uncle dies and she goes to Paris and Joe goes away to study law. He returns to conquer "Canaan" and his problems give Meighan a splendid opportunity to display his talents.

Doris Kenyon is leading woman in the picture.

DOROTHY GISH AT PRINCESS TONIGHT

A characteristic Dorothy Gish screen farce, "Mary Ellen Comes to Town," is showing at the Princess.

Starting out in this story as a soda dispenser in a sleepy little southern village, Miss Gish is seized with stage aspirations and journeys to the "Gay White Way" where she becomes a star in a cabaret and is "framed" by her boss and used as a lure to rid a certain innocent and wealthy frequenter of the jazz palace of his wealth. Of course, her better nature prevails, she falls in love with her intended victim, and her honeymoon in the very same town from whence she sprang.

WEEK'S CALENDAR Temple TONIGHT—Betty Compson in "Ladies Must Live" SUNDAY, Monday and Tuesday—Thomas Meighan in "The Conquest of Canaan." WEST END TONIGHT—Charles Ray in "R. S. V. P." SUNDAY to Thursday inclusive—Elsie Ferguson, Wallace Reid, and Elliott Dexter in "Forever." FRIDAY and Saturday—Frank Campeau and Claire Adams in "The Killer." Yost TONIGHT and tomorrow—Katherine MacDonald in "Stranger Than Fiction." MONDAY and Tuesday—Meiklejohn and Dunn vaudeville road show; film feature "Handcuffs and Kisses." WEDNESDAY, Thursday and Friday—William de Mille's production of "Miss Lulu Bett." PRINCESS TONIGHT—Dorothy Gish in "Mary Ellen Comes to Town." SUNDAY and Monday—Gladys Walton in "Short Skirts." TUESDAY and Wednesday—Neal Hart in "Kinkfisher's Roost." THURSDAY and Friday—Doris May in "The Foolish Age."

Maurice Tourneur's big feature, "Lorna Doone," which is being filmed at the Ince studios, will be completed within the next two weeks. Two months will probably be required in editing the production.

LOIS WILSON as she appears in "Miss Lulu Bett," the feature film at the Yost next week opening on Wednesday.

Casting has started for "Someone to Love" the C. Gardner Sullivan story of "the elephant girl" which Thomas H. Ince will soon produce. John Griffith Wray will direct.

KATHERINE McDONALD AND WESLEY BARRY IN FILM

For the first time in the career of either star, Wesley Barry has been cast in a production with Katherine MacDonald, in her starring vehicle, "Stranger Than Fiction," which will be shown at the Yost theater commencing tonight.

This attraction is from an original story by Charles Richman and A. S. Levins. For bright comedy-drama that sparkles with originality and clever situations this is declared to be one of Miss MacDonald's best pictures.

Wesley Barry takes the part of "Freckles," a role that is somewhat reminiscent of "Dinty" in that it places him in the part of a poor little orphan whom Fate has placed among crooks and in a slum atmosphere. The little fellow attracts the attention of Diane Drexel, society girl, played by Miss MacDonald, during one of her visits to the slums. She takes him into her fashionable home.

Into the story is woven a clever plot that deals with the efforts of society to cope with criminals. When the police force of one of the larger cities fails to apprehend the Black Heart Gang, society takes a hand with the result that the gang is finally caught, but not until the audience has enjoyed many a thrill and many a gripping situation.

Thomas H. Ince, accompanied by Mack Sennett and J. Parker Read Jr., is in New York for a series of conferences with First National officials and other prominent individuals in the picture industry. This will be Ince's first absence for more than two weeks from his studios at Culver City in two years.

The Orange County Choral Union

ELLIS RHODES, Director, Presents

"The Pirates of Penzance"

Feb. 28 and March 1, 1922

A full chorus of sixty trained singers, accompanied by an orchestra of twenty pieces picked from the Orange County Symphony Orchestra. Beautiful costumes especially designed for this particular performance. Interesting lighting and settings in Gilbert & Sullivan's most charming opera.
